Muthoot FinCorp ONE

In FY 2023-2024, Muthoot FinCorp ONE has been pivotal in driving our strategic vision forward. We launched the new Muthoot FinCorp ONE platform while sunsetting the older Blue Muthoot app. With expanded offerings and elevated user experience, our focused efforts strengthened our technological position while delivering improved financial results, affirming the success of our strategic direction.

During the last fiscal year, Muthoot FinCorp ONE launched and scaled the new mobile app to 9.5L customers, with close to 4.3L active monthly in March 2024 underlining a good fit with core consumer groups.

Super App for Financial Services

Our efforts in developing Muthoot FinCorp ONE as a super app have significantly enhanced service integration and reach to consumers for Muthoot Fincorp's product suite across major verticals, the app now offers journeys across:

- 1. Loans** - Gold Loans, 24x7 EGL Top Up Loans, Vyapar Mitra Business Loans, Loans Against Property, Housing Loans, Two-Wheeler Loans and Used Car Loans
- 2. Investments & Savings** - eSwarna Digital Gold, Swarnavarsham and Swethawarham savings schemes, NCD investments for Muthoot FinCorp NCD issues
- 3. Insurance** - Enrolments in Muthoot Dhan Suraksha and Muthoot Health Guard Insurance Schemes
- 4. Payments** - Forex Services, Bill and Utility Payments, Domestic Money Transfer services, Indo-Nepal Money Transfer Services, etc.

All of these services are available on the app and web platforms as either application, repayment or service journeys helping our customers to interact as needed and know more about products as per their needs and interests.

These advancements not only enhance the customer experience but also contribute to long-term profitability and improved market positioning for Muthoot FinCorp Ltd.

Creating Convenience for Consumers

Our phygital strategy ensures that the Muthoot FinCorp ONE platform continues to keep customers' convenience at the core of all new products and services being developed, some of the key successes in this regard have been:

- **Scaling up of Gold Loan from Home Operations:** This unique service was scaled up from 6 cities to 40 cities in FY 24 with a total disbursal value of INR 201 Cr. and asset size (AUM) of INR 120 Cr.
- **Customer Service Enhancements:** Many of the customer support requirements are now supported with self-serve journeys, like – account statements, top-up applications, the addition of bank accounts or UPI IDs, etc. to make our customers' lives simpler and save them trips to the branch for simple transactions.
- **Digital Onboarding:** Customer onboarding and basic UCIC generation have been introduced on the MFL ONE platform and is used by customers for self-onboarding and field teams to onboard customers on the go.

These initiatives were designed to enhance customer convenience and increase customer satisfaction by empowering them to consume MFL services as per their needs.

Productivity in Overall Operations

A core focus for MFL ONE has been on enhancing overall operations efficiency across MFL, some of the key focus areas here have given early positive results:

- **Driving Digital Repayments:** As of 31st March 2024 – a total of 6% of all GL repayments and 24% of all Vyapar Mitra loan repayments were being made from the MFL ONE platform, these have increased exponentially – and are aiding a thrust towards digital payments across the MFL ecosystem, freeing up bandwidth in our branches from collections and streamlining the entire accounting journey.
- **Operational Efficiency driven via Branch Integration:** Effective integration between digital and physical channels ensures service consistency and is helping drive higher customer retention rates – almost all throughput generated on the app is attributed to branch scorecards, which helps employees in our branches promote the app with all our customers.

Promoting Inclusion through Digital MSME Loans

Muthoot FinCorp ONE's introduction of new QR code-based digital MSME loans reflected our commitment to tapping into core but underserved market segments, which not only served a social purpose but also opened a new revenue stream via -

- **Scalable Innovation:** The QR-based lending model allows for efficient scaling, with minimal operational costs, enhancing our profitability.
- **Market Expansion:** Partnerships with major payment platforms facilitated market penetration, driving revenue growth and increasing the platform's market share.

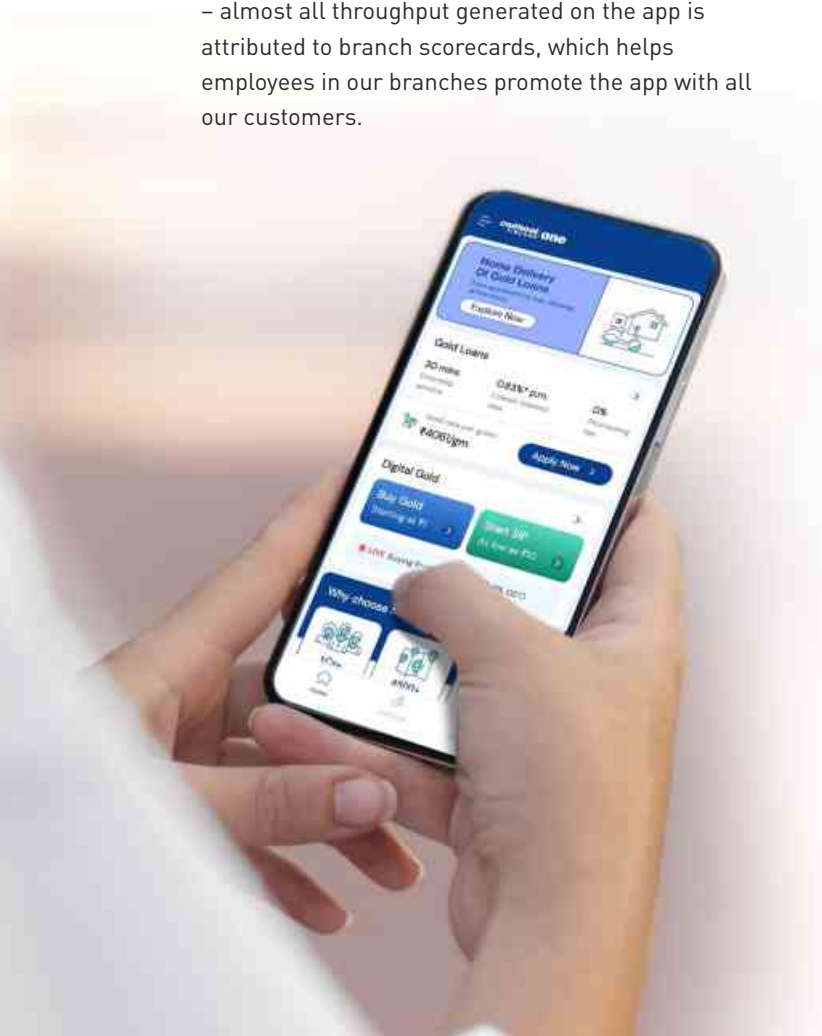

These initiatives are strategically aligned with our objective of sustainable growth, offering long-term value creation for our shareholders.

Looking Ahead: Vernacular App & Loyalty Program Relaunch

Looking ahead we are building

- **Vernacular Options on the App:** Expanding our platform's accessibility through vernacular language support is expected to drive user growth in untapped market segments and will help more and more users to start using the app services.
- **Loyalty Program:** The upgraded Muthoot Blue Rewards Program, with its tiered structure, is designed to deepen customer engagement, leading to increased transaction volumes and higher revenue retention.

Looking back at the years gone by, we truly believe that we have strived towards the Muthoot Pappachan Group's commitment to providing best-in-class financial services and contributing to the well-being and prosperity of all our customers.

Mr. Thomas John Muthoot
Chairman & Managing Director

MESSAGE FROM THE CHAIRMAN AND MANAGING DIRECTOR

Dear Esteemed Stakeholders,

With profound gratitude for the Grace of the Almighty and with utmost humility, we present to you the 27th Annual Report for the fiscal year 2023-24.

The Indian economy exhibited resilience during 2023-24, notwithstanding persistent headwinds from subdued external demand, protracted geopolitical tensions and volatile global financial markets. Real GDP growth was sustained at 7% and above for the third successive year, supported by robust growth in fixed investment driven by the Government's focus on capital expenditure. The Government's emphasis on capital expenditure is beginning to stimulate private investment, setting the stage for the next phase of growth.

The financial sector is crucial and indispensable for any nation-state that aims to achieve robust economic growth. This applies to India as well. Banks and Non-Banking Financial Companies (NBFCs) in India are well positioned to play that role. With strong loan growth and low levels of bad loans as of FY2024, banks and NBFCs can look forward to investing in creating new products, delivery channels and outreach to serve the increasing financial services needs of India.

NBFCs have become key players in India's financial sector, supplementing banks by filling the credit gap for under-served

segments and Micro, Small, and Medium Enterprises (MSMEs). With a deep understanding of local markets and a strong drive for innovation, NBFCs have advanced credit dissemination, offering customised products and services at a reasonable cost.

As you are undoubtedly aware, NBFCs have notably risen as the principal source of financing for a vast section of the population, encompassing small and medium-scale enterprises, as well as economically underserved families. These financial institutions have adeptly catered to the varied needs of Indian families, through a skillful and expedient service, leveraging their extensive geographical reach, keen understanding of individuals' financial requirements, and impressively swift processing capabilities. Consequently, non-bank lenders have played a pivotal role in advancing the cause of financial inclusion, fostering the growth of myriad MSMEs and self-employed individuals. Beyond this, NBFCs have also been instrumental in contributing to the development of the nation's critical infrastructure.

Moreover, the capital adequacy of NBFCs is comfortable, and asset quality improved by the end of September 2023. This indicates that NBFCs remain healthy, supporting the growth in credit and domestic activity in the nation.

I am pleased to inform you that our Company has achieved record-breaking disbursements, collections, and profitability during the current fiscal, alongside the steady investments in new businesses. Our loan book growth is strong, surpassing industry growth. While we continue to grow our businesses, your Company also cares deeply about Environmental, Social and Governance (ESG) practices. Our ESG framework covers corporate governance, financial inclusion, environmental conservation and protection, social empowerment, customer orientation, human capital management, cyber security, and stakeholder management.

Our Company, underpinned by a culture of

resilience and innovation, has remained strong in the face of adversity. In FY2024, the Company undertook impactful initiatives and launched new businesses to help navigate the future, such as the MFL One App for digital businesses, QR Based Digital Lending and supply chain financing under the umbrella of Secured and Unsecured Lending Business. The Company has also implemented paperless loan process for gold loans in over 1500 branches and is in the process of completing it in other branches. This has substantially reduced the time and effort for both the customers and branch staff.

Our commitment to providing tailored financial solutions and our steadfast focus on digitalisation have continuously elevated the standard of customer experience. The customer relations nurtured over the years have positioned us as their preferred financial service provider in a competitive market. Compared to the previous year, our loan products have delivered exceptional performance, driving our Assets Under Management (AUM) up by 23.26% in FY 2023-24. This success reflects our ability to execute our plans, expand our branch network and benefit from sustained investments in Digital Transformation, which are now yielding tangible results.

It gives me immense pleasure to share with you the announcement of Shah Rukh Khan as the newest brand ambassador of Muthoot Pappachan Group (MPG). This strategic collaboration represents a significant milestone for MPG, reinforcing our brand presence and creating a renewed way of connecting with a diverse audience across India. As we move towards heralding a future where financial inclusion is within reach for all, having Shah Rukh Khan as our new brand ambassador will play a significant role in achieving this milestone.

During the fiscal year, the Company appointed Dr. Anthony Abraham Thomas as an Independent Director. Dr. Anthony is a luminary in the field of Technology Leadership, Digital Transformation and Innovative Industrialization. His vast

experience in technology and digitalization will significantly contribute to the Company in the years to come.

In line with its expansion strategy, the Company has steadily grown its branch network, establishing a wide and robust presence across various regions in India. The Company's extensive reach allows it to serve customers in both urban and rural areas, contributing to financial inclusion in the country. In this fiscal year, the Company expanded its geographical presence by opening 64 new branches in various locations.

During the fiscal year, we have strengthened our product offerings by rolling out new products and services for our customers and reported the highest ever loan disbursements with consolidated disbursement of ₹ 61,703.26 crores up by 18.60% compared to the previous year.

Alongside our flagship gold loan services, we are focused on strengthening our offerings through other loans and services. Our endeavour is to become the Company of Choice for the common man, and we will continue our drive to move from product to segment ensuring that we meet the lifecycle needs of our customers.

Our dedication is unwavering towards our purpose: "To transform the life of the common man by improving their financial well-being."

Your Company had another strong year reflected in superior financial results for FY2024 as follows:

- Disbursement during the year were ₹ 47,564.24 crore, compared to ₹ 40,039.83 crore in the previous year (Net of Co-Lending)
- The Total Loan Assets reached ₹ 21,712.34 crore, compared to ₹ 17,615.07 crore in the previous year
- The Total income stood at ₹ 4,015.77 crore, compared to ₹ 3,491.26 crore the previous year
- The Net Interest Income (NII) was ₹ 1,910.02

crore, up by 4.76%

- Profit Before Tax (PBT) was ₹ 786.81 crore, up by 26.41% compared to the previous year
- Profit After Tax (PAT): ₹ 562.81 crore, increased by 22.40%
- During fiscal 2024, the GNPA reduced to 1.50% from 2.11% in the previous year
- NNPA marginally increased to 0.64% from 0.58%
- Capital adequacy ratio as of March 31, 2024 stood at 20.01%, with Tier I Capital at 15.87%
- Return on Average Assets (ROA) was 2.65% in fiscal 2024, up from 2.42% in fiscal 2023.
- Return on Average Equity (ROE) was 18.39% in fiscal 2024, up from 17.28% in fiscal 2023.

The FY2023-24 PAT of ₹ 562.81 crores was the highest since inception, reflecting the Company's strong performance. In view of the consistent growth and profitability, the Board of Directors has recommended a final dividend on the equity shares at the rate of 57.50% (i.e., 5.75/- per equity share) of face value of ₹ 10/- each for the financial year ending March 31, 2024

The Customer Relationship Management (CRM) platform implemented by the Company in the previous year has scaled up as a critical business and service enabler for our branches and call centres, supporting both new customer acquisition and expanding existing customer relationships. The CRM platform is being enhanced with a Customer Service module to enable all service functions- branches, call centres and others-to have a 360° view of the customer, thereby delivering a superior service experience.

The People & Culture (P&C) structure of the Company has been aligned to the evolving business structure for seamless execution on the ground. The P&C structure now specialises based on business units such as Branch Business, Secured & Unsecured Lending Business (SULB), Wealth Management, Non-Banking Payments & Services (NBPS), Business Development

Channel, Corporate HR and Muthoot Fincorp One. The total workforce of the Company was 22,500 as of March 31, 2024.

As mentioned last year, the Company has made significant strides in its digital venture and strategic business unit, 'Muthoot FinCorp One.' This innovative platform enables customers to apply for loans online, streamlining the process and making it more convenient. This strategic move is poised to resonate particularly well with a younger, tech-savvy customer base. Moreover, the Company has emerged as a key player in financial intermediation, not only complementing and competing with banks, but also infusing the financial ecosystem with heightened efficiency and greater diversity of offerings.

Our impactful key initiatives encompass:

1) Muthoot FinCorp One App

The Super App of MFL was launched in May 2023 and manages the digital businesses with over 18 Lacs+ Downloads and 6 Lacs+ active App users.

2) Digital Lending

Launched QR code based Digital Lending through the Muthoot FinCorp One platform, disbursing over ₹ 400 Crores.

3) Gold Loan Schemes

Nine new Gold Loan Schemes were introduced to cater to the needs of the various segments, including Udaan, aimed at fostering financial inclusion.

4) Supply Chain Financing

We launched the newest product under the umbrella of the MSME Business in March 2024 and started disbursing loans.

5) Product Recommendation through Machine Learning (ML)

Launched in October 2023, ML-driven product recommendation supports the branches in recommending curated, customized product offerings for customers.

6) Acquisition and Retention Unit (ARU)

The ARU was set up to facilitate effective

communication with prospective and existing customers. Today, we reach out to approximately 1.25 crore customers per month.

7) Employee Engagement Survey

Over the past years, the Company has been on a growth trajectory, and we expect to see continued success in the coming years with the diversification of products and services, improved customer access, and operational efficiency.

Recognising that our journey extends far beyond our financial achievements, our commitment to societal well-being and environmental stewardship is vividly reflected through our Corporate Social Responsibility (CSR) initiatives. These endeavours come to life through the Muthoot Pappachan Foundation, through which we direct our efforts to create impactful and meaningful change.

As we draw this chapter to a close, our heartfelt gratitude extends far and wide. To the regulatory authorities, your invaluable guidance has served as the keystone of our progress; to our esteemed board members, your sagacious counsel has deftly steered our path; and to our dedicated team, your unwavering dedication has remained our propelling force. To every stakeholder who has entrusted us with their belief, we extend our profound appreciation.

Moving forward, we acknowledge that our journey is guided by the collaborative efforts of our team. We recognise the Divine Grace that has illuminated our achievements and invoke it to light up our future endeavours.

With sincere modesty and heartfelt gratitude, we stride confidently into a future, abounding with boundless possibilities.

Yours sincerely,

Thomas John Muthoot

MESSAGE FROM THE EXECUTIVE DIRECTOR & CHIEF FINANCIAL OFFICER

Dear Stakeholders,

It is with immense pleasure and a sense of honor that I address you as the Executive Director & Chief Financial Officer of the Company, presenting the annual report for the fiscal year 2024.

Over the past decade, the gold loan sector has seen remarkable growth, with various organised players like private, public banks, small finance banks, cooperatives and NBFCs contributing significantly. India Gold Loan Market size was valued at USD 62.30 Billion in 2023, and the total India Gold Loan Market is expected to grow at a CAGR of 12.22% from 2024 to 2030, reaching nearly USD 139.64 Billion. An interesting trend can be observed in the increasing share in gold credit of NBFCs in the recent years, on account of their specialisation in gold loans, customer reach, and strategic flexibility.

NBFCs have enhanced their process efficiency, expanded their branch networks and adopted digital platforms, making loans more accessible. Strategic initiatives, including aggressive marketing, partnerships and innovative loan products tailored to the customers' needs have also played a crucial role in increasing the gold credit of NBFCs.

Current market penetration of gold loan in India is 5.6%. This indicates that there is a

huge potential to be unearthed in household gold which can create a larger market for penetration of gold loans. Looking at the way market has grown historically, there is a scope for new players to enter the gold loan market.

Looking back at the year, I am delighted to present to you the major highlights of the performance of the Company for the fiscal year 2024. The Company has witnessed remarkable growth in its financial as well as operational performance. We ended the year with the highest ever disbursements of ₹ 50,167.12 crores. The total loan assets of the Company reached ₹ 21,712.34 crore, compared to ₹ 17,615.07 crore in the previous year and the total income stood at ₹ 4,015.77 crore, compared to ₹ 3,491.26 crore the previous year. The profit after tax increased by 22.40% and reported ₹ 562.81 crore.

Muthoot FinCorp's strategic endeavor has always been to elevate the customer experiences by way of digital transformation by leveraging digital tools to create seamless, personalized and user-friendly interactions for customers. Muthoot FinCorp ONE app promises Choice, Convenience and Credibility. The app launched in May 2023 has crossed 1 million downloads. The Company's QR based EDI business which went live in the month of February 2024, crossed AUM of ₹ 80 crores as on March 31, 2024.

Updates about subsidiaries

Muthoot Microfin Limited (MML) is the microfinance arm of Muthoot Pappachan Group and a subsidiary of Muthoot FinCorp Limited. MML is one of the leading and fast-growing microfinance institutions (NBFC-MFI) in India. MML is focused on providing micro-loans to women entrepreneurs with a focus on rural regions of India. Our microfinance operations are designed to promote entrepreneurship among women and inclusive growth. We provide financial assistance through micro loans such as income generating loans to women engaged in small businesses.

Fiscal Year 2024 has been a remarkable year for MML, as it launched its Initial Public

Offering (IPO) in December 2023. The IPO was highly oversubscribed i.e., 11.52 times. This record-breaking achievement-the strongest among the listed peers-reflected the profound investor confidence in MML.

MML achieved record breaking loan disbursements, disbursing a staggering 24.32 lakh loans valued at ₹ 10,662 crore in FY2024. The Asset Under Management (AUM) of MML reached new heights to ₹ 12,193.50 crore, with North India surpassing ₹ 2,800 crore and Tamil Nadu exceeding ₹ 3,100 crore. The total income of MML grew by a remarkable 58.02% amounting to ₹ 2,285.49 crore for the fiscal year ending on March 31, 2024, as compared to ₹ 1,446.34 crore in the preceding financial year. At the same time MML recorded its ever-highest profit of ₹ 449.58 crore, it is a 174.32% surge in net profit, as compared to ₹ 163.89 crore in the preceding financial year.

One of the other Group Company, Muthoot Housing Finance Company Limited (MHFCL), is a subsidiary of Muthoot FinCorp Limited. MHFCL caters mainly to the housing finance requirements of customers in the middle and lower-income category. MHFCL has presence in 120 locations across 12 states in India with 2,60,000+ disbursements. As on March 31, 2024, the AUM of MHFCL is ₹ 2,070.39 crore. In FY2024 MHFCL has made a loan disbursement of ₹ 874.53 crore as against loan disbursement of ₹ 480.72 crore in previous year with a growth rate of 81.92%. MHFCL has reported a total income of ₹ 292.73 crore during the year vs ₹ 221.68 crore in previous year, registering a growth of 32.05%. The profit after tax of MHFCL is ₹ 34.73 crore as on March 31, 2024.

In conclusion, I would like to express deep gratitude to our shareholders, customers, business partners, and our dedicated employees for their unwavering support. Together, we will build upon our achievements and create a brighter future.

Warm regards,

Thomas Muthoot

MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

Mr. Shaji Varghese
Chief Executive Officer

Dear All,

These are exciting times and I'm happy to share a glimpse of our growth and progress we have achieved in the financial year 2023-2024. While there were geopolitical challenges and other economic factors that affected the markets globally, Indian economy remained resilient and continues to stay strong as the 5th largest economy in the world, and with aspiration to become the 3rd largest soon.

FY 2023-2024 was a gratifying year for Muthoot FinCorp Limited where we could broadly execute our plans and achieved new highs for most vectors.

We reported highest ever loan disbursements in FY24 with consolidated disbursement at ₹61,703.26 cr, up by 18.60%. The AUM stood at ₹33,359.30 cr, up by 26.94%, with net profit at ₹1047.98 crore, an increase of 62.12 % over the preceding fiscal while serving more than 93lakh customers across the country. As standalone, Muthoot FinCorp reported disbursements at ₹50167.12 cr, 15% per cent YoY from ₹43443.26 cr in the previous year. The PAT increased to ₹562.81 crores, up by 22.40%, compared to ₹459.81 crores

in FY 23. The Assets under Management (AUM) stood at ₹21712.34 cr, up by 23.26 per cent compared to ₹17615.07 cr in the corresponding previous year.

We strengthened our product offerings in the previous year with setting up two businesses units and are happy to share that 11% of our revenue came from non-gold business in FY24.

We received 200 licenses from RBI in two tranches during the year and branch openings across the country are in progress. We created employment opportunities across the country including the hinterlands and the net job creation in FY24 stood at 4692 while the total workforce stood at 22,500 as on 31st March 2024 for Muthoot FinCorp.

In addition to our flagship gold loans, the two Strategic Business Units (SBUs) which we started in the previous year in Chennai and Bangalore have made good progress as envisaged. While the SBU of Secured Unsecured Lending Business (SULB) in Chennai is leading our company's journey to move from product to segment, the facility in Bangalore namely Muthoot FinCorp One is leading our digital business initiatives. . Muthoot FinCorp One app has made substantial progress with 1 million+ app downloads in the previous year and added more products to the app where the

customers can access and avail our financial services at the comfort of their homes with the click of a button.

We are migrating smoothly to a phygital mode – from being a provider of services through physical branches, today we have incorporated both digital (mobile app) and doorstep services to our customers across the country. Our Gold Loan from Home services have gained much popularity, and the services are offered to our customers in 50+ cities in India. Customers can avail loans at their own homes and the entire process is completed within minutes, saving time and ensuring convenience.

With an intent to connect further with our diverse audience across India and in our constant endeavor to reach the millions across the nation, we onboarded noted Bollywood actor Shah Rukh Khan as our brand ambassador in FY24. I believe he connects with our target audience as an ordinary individual who dreamed big and turned his dreams into reality.

We are associated with 27 lending institutions including an additional relationship built in FY24. We completed 4 NCD Public Issues including NCD Secured Pvt placements with 2 issues, the PDI and Sub Debt with 3 issuances each, during FY 24.

We at Muthoot FinCorp believes that a nation can progress only if its women are part of the economic activity, and we are happy to set an example in the industry with more than 40% of our workforce (9000+) are women. Also, we serviced more than 10lakh women customers in the last year helping them to be part of the

formal banking sector while being their financial partner to realise their dreams.

Our subsidiaries have grown further with Muthoot Microfin Limited entering the stock exchange during this financial year. Muthoot Housing Finance exhibited good progress with an AUM growth of 36.18% percent in FY24 at Rs.2,070.39 crore. We will continue to focus to strengthen our product offerings across loans, savings, and services to our customers ensuring to meet their lifecycle requirements.

2023-2024 was a gratifying year for Muthoot FinCorp Limited as we rolled out new product offerings and new initiatives strengthening our positioning, all while ensuring to meet the lifecycle needs of our customers. We thank our Muthootians for their dedication & passion and our customers across India for their unwavering trust and continued faith in us. The support from our banking partners, regulators and other stakeholders have been immense. We will constantly continue to strive to ensure financial inclusion of India's common man. Coupled with our Purpose of transforming the lives of the common man by improving his financial well-being and being a responsible citizen we have a significant contributory role to play while the country plans to be a developed nation or Viksit Bharat by 2047.

Thank you,
Warm regards,

Shaji Varghese

None of the Directors or Key Managerial Personnel and their relatives are concerned or interested (financially or otherwise) in this Resolution.

The Board recommends the Ordinary Resolution as set out in Item Nos. 4 & 5 for the approval of the Members.

Item No. 6

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors has approved the change in designation of Mr. Thomas George Muthoot from Non-Executive Director to Whole Time Director, designated as

Joint Managing Director, in its meeting held on September 19, 2024, upon the terms and conditions set out in the draft agreement to be entered into by the Company with Mr. Thomas George Muthoot.

As per Para 97 of the Master Direction - Reserve Bank of India (Non-Banking Financial Company - Scale Based Regulation) Directions, 2023 dated October 19, 2023 ('RBI Directions, 2023'), 'except for directorship in a subsidiary, Key Managerial Personnel (KMP) shall not hold any office (including directorships) in any other NBFC-ML or NBFC-UL'. To comply with the said directions on or before October 01, 2024, it has become necessary to reconstitute the directorships within the Non-Banking Financial Companies (NBFCs) of Muthoot Pappachan Group (MPG).

Considering the restructuring of directorships across the NBFCs in the Group, it has been proposed to designate Mr. Thomas George Muthoot and Mr. Thomas Muthoot (presently Whole Time Director) as Joint Managing Directors of the Company.

Rationale for Appointing Joint Managing Directors (JMDs)

As MFL's NBFC subsidiaries and Strategic Business Units (SBUs) continue to grow, the complexity of managing these entities has also increased. To ensure that MFL maintains strong oversight, strategic direction, and operational control, the appointment of Joint Managing Directors (JMDs) is a strategic move to enhance leadership capabilities across the organization. This, alongside the expanded role of the Managing Director (MD), will strengthen governance and drive long-term growth.

i. Enhanced Oversight and Governance:

With MFL's NBFC subsidiaries and SBUs growing rapidly, enhanced oversight is necessary to manage the increased complexities in regulatory compliance, financial stability, and risk management. The JMDs will ensure that each subsidiary and SBU adheres to these key governance areas, providing the leadership required to maintain high standards. This structure will allow the MD to focus on ensuring strategic alignment and strong governance across the core businesses and SBUs.

ii. Strategic Direction and Decision-Making:

The growth of subsidiaries and SBUs requires significant strategic decisions regarding scaling, market expansion, and resource optimization. The appointment of JMDs alongside the MD will ensure shared leadership, promoting balanced and informed decision-making. This structure will allow decisions to be made more efficiently, enabling MFL to capitalize on market opportunities quickly and effectively.

iii. Operational Efficiency Across Entities:

Thomas George Muthoot (TGM), as Joint Managing Director, will take on the responsibility of overseeing group businesses with a focus on strategically leveraging synergies across MFL, its subsidiaries, and other companies within the Muthoot Pappachan Group (MPG). One of TGM's key roles will be driving cross-selling initiatives by utilizing MFL's vast branch network and SBUs, enabling a more integrated approach to delivering the full suite of group company products and services to customers. His leadership will ensure that the branches and SBUs are optimized for cross-selling opportunities, improving customer engagement and delivering greater value across the portfolio.

TGM will focus on using data analytics and phygital (physical + digital) strategies to unlock the full potential of MFL's customer base. By leveraging live and historical data, he will ensure development of analytical tools to identify customer preferences and behaviours, enhancing the company's ability to cross-sell and tailor its offerings. His strategy will ensure that MFL's digital platforms and physical branches are well-integrated, increasing accessibility to the Company's products, improving customer retention, and driving acquisition.

As part of the overall strategy TGM will also explore new business lines, identifying untapped markets and growth areas. His leadership will be critical in forming strategic partnerships, alliances, and third-party collaborations, particularly with fintech companies and other financial institutions. These partnerships will expand MFL's product portfolio and market reach, ensuring the introduction of innovative solutions that meet evolving customer needs.

TGM will oversee public relations (PR), marketing, and communications, shaping MFL's marketing strategy to strengthen the Company's brand visibility and positioning. He will manage the marketing budget, ensuring resources are allocated effectively to maximize the impact of marketing campaigns and support the Company's growth objectives. Through targeted outreach, digital campaigns, and customer-focused initiatives, TGM will work to enhance MFL's market position and create new revenue streams.

Thomas Muthoot (TM), as Joint Managing Director, will oversee MFL's two NBFC subsidiaries i.e., Muthoot Microfin Limited (MML) and Muthoot Housing Finance Limited (MHFL). Both subsidiaries are rapidly growing and contributing significantly to MFL's portfolio and profitability. Given the Company's substantial stake in these entities, TM's leadership will be critical in ensuring they continue to deliver value and align with MFL's strategic objectives.

TM's previous experience as Managing Director of these subsidiaries gives him deep insights into their operations, allowing for effective oversight. His role will focus on corporate governance, regulatory compliance, and operational efficiency, ensuring that MML and MHFL adhere to high standards while managing the unique challenges each subsidiary faces.

TM will ensure that these subsidiaries remain aligned with MFL's broader strategic objectives, contributing to the group's vision of financial inclusion and innovation. His role will also involve formulating strategic initiatives to ensure both subsidiaries continue to grow and create value for MFL, positioning them as key growth drivers in the portfolio.

iv. Core Business and SBU Management:

Thomas John Muthoot (TJM), as Managing Director, will continue to oversee all core businesses of MFL, with an expanded role that includes supervising the three SBUs. TJM will ensure that MFL's core financial products such as gold loans, small business loans, loans against property, and other retail financial services are performing optimally. His leadership will provide strategic direction across SBUs, including digital verticals (MFLOne), mortgage loans (SULB), and wealth management. TJM will ensure that all units align with MFL's broader vision and long-term objectives.

TJM's responsibilities will include overseeing operational control, financial performance, product innovation, and strategic alignment across MFL's core businesses. He will focus on driving operational excellence, maintaining competitiveness, delivering value to customers, and enhancing overall profitability. Additionally, TJM will be responsible for ensuring that all regulatory, governance, and sustainability requirements are met, contributing to the long-term sustainability of MFL's operations.

TJM will also ensure that the SBUs streamline operations and improve cost efficiency, ensuring that these units contribute meaningfully to MFL's growth by delivering innovative financial solutions that meet evolving market demands.

This clear division of leadership responsibilities will allow JMDs to focus on growth areas and subsidiary management, while TJM maintains strategic oversight over core businesses and SBUs, providing balanced leadership across key business functions.

v. Business Continuity and Succession Planning:

The appointment of JMDs strengthens MFL's approach to business continuity and succession planning, spreading leadership responsibilities across multiple individuals to reduce risks associated with reliance on a single leader. This structure also ensures a clear succession pathway, enhancing the Company's ability to maintain continuity during transitions or unforeseen events.

vi. Subsidiary and SBU-Specific Focus:

Each NBFC subsidiary and SBU operates in distinct markets with unique challenges. The appointment of JMDs allows for focused attention on these subsidiaries, enabling tailored strategies to address specific market conditions, regulatory requirements, and operational needs. The core businesses and SBUs will receive enhanced focus from

the MD, ensuring MFL continues to innovate and grow while delivering value to its customers and stakeholders.

vii. Stakeholder Confidence and Market Perception:

This expanded leadership structure instils greater confidence among investors, regulators, and other stakeholders, demonstrating MFL's proactive approach to managing its expanding businesses. The appointment of JMDs and TJM's oversight of core businesses and SBUs signals MFL's commitment to sustainable growth, strategic foresight, and long-term success.

This leadership structure featuring JMDs, and the expanded role of the Managing Director will enable MFL to maintain effective oversight, operational efficiency, and strategic direction across its growing subsidiaries, SBUs, and core businesses. This structure will drive sustainable growth and reinforce stakeholder confidence, positioning MFL for continued success in an increasingly competitive market.

Mr. Thomas George Muthoot shall be entitled to remuneration at 3% of the net profits of the Company, within the limits prescribed under Section 197 of the Companies Act, 2013.

Mr. Thomas John Muthoot, Mr. Thomas Muthoot and Mrs. Preethi John Muthoot are deemed to be interested in the proposed appointment and resolutions, since they are related to proposed appointee.

The Board recommends the Special Resolution as set out in Item No. 6 for the approval of the Members.

Item No. 7 & 8

Mr. Thomas John Muthoot was re-appointed as the Managing Director and Mr. Thomas Muthoot was re-appointed as the Executive Director of the Company at the Extra Ordinary General Meeting of the Company held on March 28, 2022 for a period of 5 years with effect from February 01, 2022, with each of them drawing remuneration amounting to 5% of the net profits of the Company as permitted under Section 197 of the Companies Act, 2013.

Considering the proposed change in the designation of Mr. Thomas George Muthoot from Non -Executive Director to Whole Time Director, as stated in Item No. 6 of the Notice, with a remuneration of 3% of the net profits of the Company, it has been proposed to revise the existing remuneration drawn by Mr. Thomas John Muthoot and Mr. Thomas Muthoot, to bring the total managerial remuneration within the limits prescribed under Section 197 of the Companies Act, 2013.

Thus, based on the recommendation of Nomination and Remuneration Committee, the Board of Directors has approved and recommended the revision in the remuneration of Mr. Thomas John Muthoot and Mr. Thomas Muthoot in its meeting held on September 19, 2024 to the members for approval. Accordingly, Mr. Thomas John Muthoot will be entitled to remuneration at 4% of the net profits and Mr. Thomas Muthoot will be entitled to remuneration at 3% of the net profits of the Company w.e.f. October 01, 2024.

Mr. Thomas George Muthoot and Mrs. Preethi John Muthoot are deemed to be interested in the proposed Resolution No. 7 & 8, since they are related.

As a prudent corporate practice, the Board recommends the Special Resolutions as set out in Item No. 7 & 8 for the approval of the Members.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Muthoot Pappachan Foundation

As Muthoot Pappachan Foundation (MPF) strives for the good of society touching the lives of the deserving, our main area of focus is health, alongside the other key thematic areas -Education, Environment and Livelihood. In health we deal with a good number of projects and programmes that enhance the quality of life of common man. The flagship projects are - Smile Please, the nationwide comprehensive cleft lip and palate surgeries followed by critical nutritional support for severely malnourished kids, general treatment support and Blue Butterflies project, in support of Paediatric Cancer Patients. These supports are truly beneficial for the deserving families we support that also mark down the goodwill of the Muthoot Pappachan Group (MPG) in the community. In the educational sector, MPF supports in the educational needs of the deserving students via various scholarship programs. In the environment sector, MPF supports creating local infrastructures in the draught prone areas of Rajasthan and capacity building for women to enable access to water in Sambhar block of Rajasthan and also developed polyhouses in various parts of Kerala promoting bio farming.

HEALTH

SMILE PLEASE

With the active support extended by the staff members of Muthoot Fincorp Limited (MFL) branches across the Mission States, we were able to make a count of 2882 smiles as on March 31, 2024. 6 successful Smile missions were completed in Andhra Pradesh (Kakkinada), West Bengal (Kolkata), Karnataka (Hubli), Kerala (Alleppey), Gujarat (Rajkot) and Uttar Pradesh (Muzaffarnagar).

	Location	Month of Mission	No of Surgeries
1	Andhra Pradesh (Kakkinada)	July 2023	54
2	West Bengal (Kolkata)	August 2023	52
3	Karnataka (Hubli)	September 2023	51
4	Kerala (Alleppey)	November 2023	43
5	Gujarat (Rajkot)	January 2024	54
6	Uttar Pradesh (Musaffarnagar)	March 2024	38

1) Kakinada Smile Mission concluded with **54 Smiles in Andhra Pradesh (AP)**. 32 MFL branches across the immediate 5 Districts in AP actively supported the Mission with extensive field outreach for patient recruitment and all the other branches in the State also disseminated the message in their respective areas. Govt. Medical Systems (NHM, RBSK,

ASHA and Hospitals) also supported us in 7 Districts. Through one-month long field efforts, 100+ kids were identified and registered, of which 90 were medically screened at the hospital; and 54 who got cleared by medical team received their surgeries. 17 kids were reported malnourished. Under the nutrition scheme they started receiving supplements for one year. The 40-member expert Medical Team volunteered from all across India who were supported by the entire team of Govt. General Hospital, Kakinada. **Mr. Dwarampudi Chandrasekhara Reddy**, MLA Kakinada, was the Chief Guest for the Mission Inauguration along with Mr. Shaji Varghese, CEO, Muthoot Fincorp Limited. Also present were Dr. Hemalatha Devi (Medical Superintendent, GGH), Dr. Vishnu Vardhan (HOD Anaesthesia, GGH), Dr. Ratna Bhushan (HOD Plastic Surgery, GGH), Dr. Ramkumar Venkateswaran (Trustee, Mission Smile and Field Medical Director), Conrad Dennis (CEO, MS), Dalip Pande (Director, Partnerships, MS), Dr. Prabhakar Margam (Plastic Surgery Team Lead) and Dr. Prasanthkumar Nellickal (Head CSR, Muthoot Pappachan Group).

- 2) Kolkata Smile Mission successfully concluded with **52 Smiles**. 107 kids were medically screened for the surgery and 73 were cleared for the surgery. From among them 52 surgeries were completed successfully. 31 kids were covered under the nutrition scheme in Kolkata mission.

- 3) The first Mission at Hubli region (6th Mission in Karnataka) concluded with 51 safe and successful surgeries. The entire Mission team, Muthootians across Karnataka and all the stakeholders actively supported us.

- 4) Kerala Mission got successfully completed with 43 surgeries and 18 kids were registered under the nutritional program from the region. 67 patients were medically screened in which people came from all over Kerala and Tamil Nadu as well. The MFL branches took an active role in facilitating the widespread outreach of the program thereby reaching to the maximum number of families. The program was reintroduced in Kerala after 2017.

- 5) Rajkot mission was successfully completed with 54 surgeries. The one month outreach activities helped spread the message and the active involvement of the branch staffs was remarkable in the journey. A total of 129 patients turned up for the surgery in which all of them got medically screened. 71 among 129 were fit for the surgery and 54 surgeries were completed leaving the balance for the next mission in the area. The tremendous field outreach of the branch staffs was remarkable in the journey.

- 6) Muzaffarnagar mission was the maiden Smile Mission in the State of Uttar Pradesh, and it concluded with 38 successful surgeries. 80+ patients were registered in which 64 were medically screened. Among that 38 were fit for the surgery. 26 patients were set as backlog due to various medical conditions. 22 kids were enrolled into the nutritional program.

NUTRITIONAL PROGRAM

The malnourished kids who were covered under the smile please program is provided with nutritional supplement for one year which will help them beat the nutritional deficiency they are facing. The count of kids covered under the scheme from each mission is mentioned below. The first supplement will be provided to the beneficiary once he/she gets discharged and later the distribution is undertaken by the nearest branches. The branches also does period home visits to the patient homes and enquire on the developments and if there is any challenges, same is brought to attention of the doctors for further guidance. Thereby the branch connectivity with the people availing the service is ensured.

	Location	Beneficiary
1	Andhra Pradesh (Kakkinada)	17
2	West Bengal (Kolkata)	31
3	Karnataka (Hubli)	24
4	Kerala (Allapetty)	18
5	Gujarat (Rajkot)	19
6	Uttar Pradesh (Musaffarnagar)	22
	Total	131

IMPACT ASSESSMENT

The impact assessment of Smile Please Mission is completed. The team has travelled to the remote areas to meet the beneficiaries in person for the direct interviews and data collection. The detailed report and case studies were clearly captured in the report and the impact Smile Please Missions have created in the society is rightly pitched. The case studies captured depict the educational, relationship and Healthwise improvement created in the life of the patients. The role of MFL branches in bringing the patients for mission, thus creating a positive change in their lives is remarkable.

BLUE BUTTERFLIES

The project focusses on providing treatment preparedness support to paediatric cancer patients. **We were able to provide support to 62 children in which 4 are Bone Marrow Transplant** cases in the FY. Half of the patient belongs to under 10 years of age. The preparedness support provided boosts the family's willpower to continue the treatment and emotionally available with the child throughout the recovery process. Emotional support is provided to both the family and the children. The field outreach covers almost all the major hospitals throughout Kerala thereby the most deserving cases are filtered out and is provided the support. If in case, they require more treatment options the same is facilitated with the support of the project.

NUTRITIONAL PROGRAM

Under this program we are providing nutritional supplement to paediatric cancer survivors who are under follow-up treatment. The supplement is enriched with much required minerals, proteins and vitamins which are essential for their healthy life ahead. 45 such kids were provided with the vital nutritional supplement in the previous financial year and the supplement will be delivered to them through the nearest branch to their residence. The support extended is for a period of one year and the progress of the kids will be captured and reviewed by the medical team of Butterfly Cancer Care Foundation.

The first slot of the supplement distribution during the 10th anniversary ceremony of Butterfly Cancer Care Foundation by Head CSR - Dr. Prasanth Kumar Nellickal.

GENERAL TREATMENT SUPPORT

General treatment support is extended to deserving people who are finding difficulty in managing the demanding medical expenses those are reported by the FinCorp branches. **More than 50 patients** were supported under the project. The eligibility criteria act as a benchmark for the selection process of the beneficiary. The support helps them in continuing the demanding treatment requirement thereby building a brand value with the society.

EDUCATION

BHODHINI COUNSELLING CENTRE

Bhodhini Counselling Centre functions towards the counselling of adolescents and youngsters for a better mental health and quality life. The services are majorly focussed on adolescent students and young adults. 5 new cases were reported along with the follow-up cases of 6. 11 sessions were conducted in total. The scheme was able to cover 800 individuals through group counselling. Some of the common issues found include depression, anxiety, family issues and stage fear. Lack of concentration, anger issues and relationship issues are also addressed alongside. Anger management, couple counselling, activity scheduling, tele counselling, relaxation techniques are some the mitigation strategies adopted.

OTHER EDUCATIONAL SUPPORT

Educational support is extended to students from under privileged sections of the society who are not able to complete their academics. In the said scheme, 10 students were supported so far with prior approval from the management.

JEEVAN JYOTHI: Providing More Light to the Lives

MPF supports Jeevan Jyothi, a charitable society working in the red-light area of Budwar Peth in Pune, Maharashtra. Through this, we help provide a 'safe home' for the children of women engaged in sex work and help them realize that there is more life in life than what they perceive. We believe that educating the children who are neglected by the mainstream community and giving them a safe environment will help them come out of the vicious circles they are trapped in.

Highlights:

- Shelter to children of women in sex work
- Provide education, food and a 'safe home' for the kids to live
- Pre-school for children aged 3 to 5 years
- Free medical counselling
- Weekly fellowship meetings to provide a sense of community
- Help bring them out of the vicious circle of their circumstance

GUARDIANS OF DREAMS

Educational scholarship amount is provided to 50 kids with the implementing partner- 'Guardians of Dreams' to academically bright kids from various childcare institutions which can be used for their higher studies. The support helps them in trusting themselves leaving behind the scars they have in their life. The kids are guided by the team for career choices as well.

LIVELIHOOD

SUPPORT FOR SPORTS TRAINING THROUGH MPCES

MUTHOOT FOOTBALL ACADEMY (MFA)

The kids enrolled under the MFA team have participated in 54 events including friendly games. Among the group 21 candidates were chosen for the National/state/district team.

MUTHOOT VOLLEYBALL ACADEMY

Muthoot non-residential volleyball academy was started in Ernakulam district in November 2021 associating with 4 schools in the region. 240 boys and girls were shortlisted and later on after detailed screening 120 students were selected to receive professional training under the project.

Under the St. Joseph's Higher Secondary School, Kidangoor, Angamaly, 41 students are provided training. They are exposed to various inter-school matches, inter-district school matches, mini, sub junior and junior volleyball matches. 2 school ground were constructed and multi gym facility is installed for strength training.

Under the SNV SKT Nanthiattukunnam, Paravur 82 are receiving training. They are provided supports to take part in various inter-school matches, inter district school matches, mini, sub junior and junior volleyball matches. The players are exhibiting remarkable improvement, and good progress.

Under HMYS HSS Kottuvallikkad, Vadakkekara 75 players are taking part in the training and like other schools they are provided supports to attend various inter-school matches, inter district school matches, mini, sub junior and junior volleyball matches.

MPCES Sports Infrastructure (Palakkad)

To better serve the students, we have expanded the project's scope from solely offering a sports facility for football, volleyball, cricket, and other sports to establishing a comprehensive sports academy. This academy will not only provide top-tier sports training but also include educational facilities where students can attend regular academic classes, all meeting international standards. Groundwork at the site is underway, and we are currently updating the architectural plans to accommodate these enhanced specifications.

FOOTBALL SCHOLARSHIP KOVALAM

Children from across Kerala with football talent who require training were selected, and support has been provided in academics, rehabilitation, and sports training since FY 2020-21. They also receive tuition assistance. Including the 5 sponsored children, a total of 45 kids are currently training under the centre. These young athletes are given the golden opportunity to participate in various state and district level competitions. With the guidance and support of experienced coaches, the kids continue to excel, with a dedicated space allowing them to focus on both academics and sports. Their hidden talents are nurtured, helping them realize their full potential. The team is confident that with continued support, these children will achieve great success.

CRICKET ASSOCIATION FOR THE BLIND IN KERALA

For supporting, advancing and popularizing blind cricket, Cricket Association for Blind in Kerala, (CABK) have developed various platforms for the visually impaired men to showcase their talents in cricket. The Cricket Association for the Blind in India, (CABI), which is connected to the World Blind Cricket Council, is the parent organization of CABK, a recognized association under the Societies Registration Act of 1860. Various interstate matches and coaching camps were organized for the participants which in turn lay an important milestone in the life of the players. Through the extended support of MPF, the team was able to meet expenses to build improved player training, get proper gears, uniforms and equipment, jerseys and shoes, travel for tournaments, player food and lodging, coach fees, ground rent etc. Players smiles conveyed dignity, and their increased confidence post the tournaments.

SPORTS SCHOLARSHIP

Scholarship for two students who are excellent in sports but unfortunately were not able to continue the coaching due to financial struggles. They are financially assisted to continue excel in training with full potential. They are planning to take part in various national and state level events to mark their milestones

LIVELIHOOD SUPPORT

Livelihood support was provided to individuals who were financially struggling. Assistance was given for the purchase of machinery, enabling them to become self-reliant. Previously, they were unable to sustain themselves, but with the support, they are now able to generate small profits and lead a more contented life.

ENVIRONMENT

ACCESS TO WATER - RAJASTHAN PROJECT WITH RRF

In the arid lands of 15 villages in Sambar Block of Rajasthan, MPF work hand in hand with the Royal Rajasthan Foundation (RRF) to empower women with the life-giving gift of water. Through capacity building and infrastructural development, we not only quench their physical thirst but also nourish their spirits, empowering them to build a brighter future for themselves and their families. The villages after generations have seen a second crop as water was made available which changed entire profile of this part of land and the life of the people involved.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC & BUSINESS OUTLOOK

With advanced markets returning to their inflation targets sooner than anticipated, the global inflation is expected to steadily decline to 5.9% in 2024 and 4.5% in 2025¹. Continuing to grow at a modest pace, the global growth is projected to be at 31.1% in 2024 similar to 2023, with a slight pick up to 3.2% in 2025².

Solidifying its position as the 5th largest in the world, the Indian economy continued to be resilient maintaining a steady growth trajectory. We continue to exceed growth projections and closed the fiscal year 2024 with GDP growth of 8.2% compared to 7% in FY 2022-23³. Post pandemic, we have been focused on public spending on infrastructure, achieving stronger balance sheets on both financial and non-financial private sectors, and of course digitization which enabled us to be resilient and bounce back quickly from adverse economic conditions then.

India's lower middle-income segment is still largely untapped especially the MSME sector. MSMEs face a credit gap of \$530 billion, and only 14% of the 63 million small businesses in India have access to credit, according to a report by investment bank Avendus Capital⁴. MSMEs are the second largest employer in India today after agriculture and it is imperative that the segment receives the much-needed impetus. The government and the Central Bank continue to focus to roll out significant measures to mitigate the gap in this fiscal.

With the demographic dividend, focus on agriculture and rural segments, investment demand, focus on capital expenditure coupled with ideal regulatory and fiscal policies, the growth outlook remains buoyant. India's economy is forecast to expand by 6.9% in 2024 and 6.6% in 2025 as per The World Economic Situation and Prospects as of mid-2024⁵.

INDIAN NBFCs

Reports suggest that after a moderation in growth post the COVID-19 pandemic, NBFCs are back on track with an expected credit growth of 13–14 per cent during FY24. NBFCs maintained robust credit growth in the first half of the financial year, and with stringent RBI strictures, the second half witnessed a considerable slow growth in general compared to H1 2014. NBFC Sector at large maintained a robust pace of credit growth with Net Advances growing 21% YoY & Balance sheet size swelling up to INR 21.8 L Crore (19% growth YoY).⁶ The year also witnessed a consistent upward trend in bank lending to NBFCs and witnessed improved GNPA for the third FY in a row.

The government has launched Revamped Gold Monetization Scheme (R-GMS) to mobilize gold held by households and institutions which is estimated to be 27000 tons. Banks have certainly upped their game in the gold loan market, but the NBFC industry has been consistently resilient mainly due to their reach across markets including deep rural geographies & catering to financial needs of people irrespective of the loan size. The hike in gold prices can push people to invest more in gold and might not impact the buyers' sentiments just as yet.

The Assets under Management (AUM) stood at ₹21712.34 cr, up by 23.26 per cent compared to ₹17615.07 cr in the corresponding previous year. The revenue was reported at ₹1197.31 in the Jan-March quarter of FY 24 posting a growth of 25.59 per cent, compared to ₹953.38 crore in Q4 in FY 23. As of March 31, 2024, the number of total customers served by Muthoot FinCorp Limited stood at 4298445, a 14% increase compared to the previous financial year.

Alongside our flagship gold loan services, we focus to strengthen our offering through other loans and other services. Our endeavour is to become a Company of Choice for the common man, and we will continue our drive to move from product to segment ensuring to meet the lifecycle needs of our customers.

CUSTOMER FIRST APPROACH

Customer satisfaction and experience is key for any organization, more so in the consumer business. As such, we have always strived to ensure a smooth customer experience while availing all our services or responding to their queries and requirements. We offer a unique proposition to customers with our branches across the country operating 6 days a week, for 8 hours a day, positioning us as a neighbourhood financial services hub to meet their needs immediately.

The Customer Relationship Management (CRM) platform implemented by the Company in the previous year has scaled up as a critical business and service enabler for our branches and call centres, for both new customer acquisition as well as expanding the existing customer relationship. The CRM is also available in a mobile app version for all the Company's employees to capture and nurture leads while 'on the go'.

The CRM platform is being enhanced with a Customer Service module that will enable all service functions like branches, call centres and others to have a 360° view of the customer for delivering a superior service experience.

The company's call centre services provide a multi-lingual capability to listen and speak with customers in their native language, thereby offering a personalized service. Listen, Address, Measure, Adopt – these are the four fundamentals of our customer-first approach.

With a commitment to provide innovative product offerings and cutting-edge technology to enhance experience, we hope to convert our branches as 'Experience Centres' for our customers and in the coming years our focus is on 'More Customers, More for Customers' driven by purpose.

People & Culture (P&C)

The People & Culture (P&C) organisation structure has been aligned to the evolving business structure for seamless execution on ground. Now, the P&C structure has developed specialisation based on the business units such as Branch Business, Secured & Unsecured Lending Business (SULB), Wealth Management, Non-Banking Payments & Services (NBPS), Business Development Channel, Corporate HR & Muthoot Fincorp One. Compensation & Benefit.

The net job creation in FY24 stood at 4692 while the total workforce was 22,500 as on 31st March 2024.

Employee Demographics:

Employee Experience (EE)

The objective of Employee Experience is to facilitate business partnering through performance improvement, talent attraction and people retention thereby providing a highly engaging experienced strong human capital. In order to nurture and promote internal talent, we provided Internal Job Posting (IJP) and promotions at multiple levels. During the year **3480** employees got promoted internally to assume positions of higher responsibility. The average age group of Muthootians is **32** years of age, and the gender diversity stood at **42%** female employees [9503] and **58%** male employees [12997]. In order to improve the quality of hires, we have introduced an aptitude test for candidates applying for positions <3-year experience. To ensure uniform employee experience, we have introduced a 30-60-90-day interaction and feedback with new joiners.

We had conducted a Well-Being and Employee Engagement Survey for all employees in Jan 2024. Facilitated by W. E. Matters. The survey endorsed the organization positively.

The results for the same and inferences are highlighted below.

Digital Transformation in HR

As part of our digital transformation journey, some of the highlights include:

- HRMS (Human resource Management System) with innovative technologies implemented during the year previous financial year is now stabilised and further capabilities have been added including deploying alumni portal for ex-employees and others

- We were also engaged in adoption of AI for Aptitude test of candidates
- We had introduced Employee Query Management system in 2022 to address all employee related issues and during FY24, we have received total 7702 queries for various reasons, which were timely addressed and closed.

Learning & Development

The objective of Learning & Development is to design, deliver and execute programs, thereby fostering a culture of continuous learning. All the employees of the Company undergo various Learning and Development programs throughout the year. These programs are provided through combination of offline, virtual classroom training initiatives, e-learning modules (enabling a culture of self-learning), and e-mail communication.

In addition to various product and business training, the following mandatory programs were undertaken during the year:

- Prevention of Sexual Harassment at the Workplace
- Information and Cyber Security Awareness,
- Code of Conduct,
- Know Your Customer Guidelines,
- IT and cyber security,
- Compliance Awareness
- Business Continuity Plan
- Environmental Social and Governance along with Sustainability Development Goals

Centre of Excellence:

The objective of Centre of Excellence which includes induction for new candidates, continuous training modules for employees, behavioral training, need based training and others continued in the year improving their personal economic value.

Organization Design and People Infrastructure

We conduct a systematic process of assessing the relative worth of each role, ensuring that our compensation structures align with our strategic objectives, thus we ensure fair compensation and benefits for our employees.

All employees of the Company undergo an annual performance appraisal process designed by the Company's People & Culture department. Further, the Nomination and Remuneration Committee and the board evaluates the performance of the whole-time directors, members of executive management (one level below the board) and the company secretary on an annual basis.

Muthoot Health Triangle (MHT) – the triad of employee well-being constitutes of Intellectual Health, Physical Health, and Social Health. MHT is a program outside the scope of daily work, which is designed to enrich the lives of employees, promoting a well-rounded development that is essential in today's fast-paced world. An inhouse app is being designed to capture the number of steps taken to improve physical wellness or health of an employee. The app will also contain a repository of self-development programs which employees can enrol to enhance their Intellectual, Physical and Social health.

Engage. Encourage. Energize.

Employee engagement is crucial for increased productivity and revenue, better employee satisfaction, improved retention rates and happier employees. The main objective is to have effective strategies in place to create a better work culture, reduce staff turnover, increase productivity, build better work and customer relationships, which will ultimately have a positive impact on company profits.

As a recognition for outstanding performance at both individual and team level, a special program called Blue Champions League (BCL) has been initiated. Four quarterly and one annual BCL championship was announced during the financial year FY 23-24. Winners were recognised with addition to lanyards and certificates. The annual BCL championship awards were distributed at a central function with our brand ambassador Vidya Balan felicitating the winners while the quarterly winners were recognized during R&R celebrations held region wise.

The company celebrated Blue Waves – the Founder’s Day celebration which witnessed participation from Muthootians across our Group companies.

All HR related communications are sent for the benefit of employees such as policies, welcome mailers, PMS, attendance, statutory compliance, etc.

The CEO of the Company oversees the human resources function in the Company. In addition, the Chief Human Resource Officer (CHRO) under the supervision of Managing Director is responsible for addressing any human rights issues.

INFORMATION TECHNOLOGY

With a seamless blend of both internal and vendor capabilities, Muthoot FinCorp has made substantial investments in creating two distinctive capabilities – one on applications and infrastructure namely Muthoot Pappachan Technologies (MPT), the technology arm based in the capital city of Kerala in Trivandrum, and another where we are focused on digital innovation and technologies including our mobile app – Muthoot FinCorp One based in Bangalore. The technology

capability at Muthoot FinCorp witnessed couple of good initiatives in FY24 including enhancing sales governance app for productivity increase internally, rolling out NCD offering in the Muthoot FinCorp One app for our customers and initiating digital signatures for gold loan processing ensuing a seamless and easy process. Robotic Process Automation (RPA) has been implemented across different areas and we are in the process of extending RPAs across other areas in the organisation. We have upgraded our core services platform and by end of FY25 we plan to complete the CFSS (Core Financial Services System) platform for all Muthoot FinCorp business units and functions. We look forward to launching digital loan origination platform for quicker loan processing and disbursement, upgrade our branch network, infrastructure and hardware for better productivity, and ensure fully secured environment and data along with efficient business continuity plan for FY25.

RISK & COMPLIANCE

Risk is an essential part of all business. Properly managed, it drives growth and opportunity.

Enterprise Risk Management (ERM) is Muthoot FinCorp's holistic and disciplined approach to identifying and addressing its risks. The ERM framework at Muthoot FinCorp is pervasive and data driven, an integral part of decision making. The policy we follow is that of managing risks proactively and not reactively, thus effectively navigating the challenges of the new business environment, emerging stronger and more resilient.

In the new era there is a demand for faster and higher quality of risk analysis. At Muthoot FinCorp, we have organized specific systemic controls to cope up with risks in the pipeline, both tangible and intangible. We are focused to develop the right risk culture across Muthoot FinCorp to achieve our desired return on compliance investment. Our goal is to make risk management a part of every activity across Muthoot FinCorp, thus becoming the fabric of everything everyone does in the Company.

The way forward is building up a harmonious coexistence of automation, AI and human expertise. By blending and integrating these elements and updating our risk management strategies to effectively align with the changing needs of business. We will stay ahead of the complexities of tomorrow's business landscape, with greater resilience, agility and confidence.

As an RBI-regulated entity, we are committed to upholding the highest standards of compliance in line with RBI and other regulatory/statutory guidelines. As part of this commitment, we have implemented an independent compliance function led by the Chief Compliance Officer (CCO), ensuring robust oversight and continuous evaluation of regulatory adherence. Our Compliance Policy is designed to proactively identify, manage, and mitigate compliance risks, ensuring that all statutory and regulatory obligations are met both in letter and spirit. Through continuous monitoring, stringent governance practices, regular training, and a focus on embedding a culture of compliance across all levels of the organization, we safeguard the trust of our stakeholders. This ensures that our operations not only meet but are also prepared for the evolving regulatory expectations, fostering long-term sustainability and integrity.

SULB

The Secured and Unsecured Lending Business (SULB) unit rolled out loan against property offering to address specific financial needs serving a diverse clientele including self-employed professionals, and micro enterprises in the country. Vyapar Mitra, our flagship Business Loan solution, designed to foster financial inclusion continued to make progress empowering our small business owners across India. Our business loans are customised to meet the needs of the customers, and with Easy Daily Instalments (EDI) being the significant aspect, it ensures to match the daily cash flow of the customers. In our investiture year of 2022-2023, we established operations across 100+ locations in India and by FY24, our expansion surged nationwide, now spanning 350+ locations. In FY25, we plan to go live with supply chain finance enabling suppliers to access cash quickly while buyers extend their payment terms which ultimately benefits all parties involved by improving cash flow, reducing financial risk, and strengthening relationships within the supply chain. In 2023, we launched Bandhan Plus, a new product, to our existing Gold Loan customers, fostering stronger connections, and bolstering our market share.

TREASURY

We have a strong lending relationship with 27 lending institutions as of FY24 including one additional relationship built during the year. We have separate funding arrangement for MSME business and digital lending while co-lending arrangement is made with 3 Banks for Gold Loan business and 1 Bank for MSME loans. We completed 4 NCD Public Issues including NCD Secured Pvt placements with 2 issues, the Perpetual Debt Instruments (PDI) and Sub Debt with 3 issuances each, during FY 24.

BRANDING & MARKETING

Building on Our Legacy of Trust

At Muthoot FinCorp, trust is more than just a value—it's the cornerstone of our brand. With a legacy deeply rooted in reliability and integrity, our primary focus has always been to strengthen this trust. Over the past year, we have launched several key initiatives aimed at connecting more closely with our consumers and reinforcing our brand recall among our target audience.

Strategic Partnerships and Campaign

In our flagship Gold Loan business, we have partnered with Shah Rukh Khan starrer JAWAN to co-promote our UDAAN Gold Loan. This strategic association was amplified across both digital and traditional media platforms, ensuring widespread visibility and resonance with our audience.

Championing Local Heroes

In our commitment to supporting the underserved and providing a platform for local MSMEs, the digital campaign 'Vocal for Local' featuring our brand ambassador Vidya Balan underscored our dedication to empowering small businesses and reinforcing the importance of supporting local enterprises.

Celebrating Unseen Achievements

On International Women's Day, we launched the 'Muthoot FinCorp Super Woman' digital campaign. This initiative was designed to recognize and celebrate women entrepreneurs whose contributions often go unnoticed, particularly in Tier 1 and Tier 2 cities across the country. The campaign received an overwhelming response, with participation from inspiring women across 12 states who have quietly built successful ventures in their communities. Our goal was not only to celebrate those who have already gained recognition but also to uncover and applaud the unsung heroes whose resilience and determination serve as an inspiration to us all. The campaign culminated in a virtual meet-and-greet for 30 of these super women with our brand ambassador Vidya Balan in Q2 FY25.

Showcasing Our Commitment

These significant brand initiatives are a testament to Muthoot FinCorp's ongoing commitment to trust, empowerment, and community engagement. As we move forward, we will continue to build on our legacy, creating meaningful connections with our consumers and contributing positively to society.

ENVIRONMENT SOCIAL GOVERNANCE

The Company's focus on ESG parameters is best reflected through Core Values in all spheres of activity and Sound principles of governance necessary tool to create long-term value for all its stakeholders. The company being a financial services provider, the risks associated with the environmental areas in manufacturing and industrial sector does not apply to the Company. However, the company acknowledges the importance of conserving resources and energy resulting in the establishment of Wind Farms, thus committing towards the environment.

The company's objective to promote sustainability is achieved through financial inclusion of lower middle income family segment of the society with focus on increasing women customer base with specific designed products for them. To enhance the standards of customer experience, service efficiency and save environment, the company has embarked on a strategic initiative to provide digital experience without compromise on the customer connect with right blend of

physical and digital interaction. The company's hiring policy focuses on a Diverse, Equitable, and Inclusive (DEI) culture by providing employment to freshers, women candidates, and candidates from Rural areas. This process involves focus on employee life cycle from sourcing the right talent till separation by enabling a vibrant work environment with an aim to be the employer of choice (Great place to work for) comprising Employee Experience, Learning & Development, Centre of Excellence and Compensation & Benefit. Under the corporate governance, the Company has constituted various sub-committees of the Board and framed Policy documents to sustain high level of governance, ethics, and transparency. A detailed report on ESG initiatives is shared in the annual report.

CSR

Through Muthoot Pappachan Foundation (MPF), the CSR wing of Muthoot Pappachan Group, we continue to focus on impactful initiatives. We continue to undertake our significant project 'Smile Please' since 2014 and in FY24, we successfully conducted more than 250+ cleft surgeries for children especially from remote villages who were born with cleft lips taking the total count to 2882 smiles across 43 mission in the country. A collaborative work was undertaken by MPF and Royal Rajasthan Foundation towards the capacity building for women to enable access to water in the state of Rajasthan. 10 small farm ponds, 5 water harvesting wells and 25000 saplings were planned as part of the initiative. A detailed report on ESG initiatives is shared in the annual report.

OUTLOOK

With India aspiring to be the 3rd largest economy in the next three years, we look forward to play a significant contributory role in nation building. We plan to continue with our phygital model and will reach out to the millions of people ensuring financial inclusion. With growing customer demands, we plan to expand our offerings and have identified opportunities to keep the momentum. Our endeavor to become a company of choice to the chosen customer segment (common man) than a single product service provider will continue, and as we expand our product offering, we will keep the lifecycle requirement of our target segment as a key aspect ensuring financial inclusion of India's common man.

REPORT ON CORPORATE GOVERNANCE

The concept of 'Corporate Governance' is the system by which the management of a business entity directs and controls the activities in the best interest of the stakeholders. Corporate Governance refers to the way a corporation is governed. It is the technique by which companies are directed and managed. It is all about balancing individual and societal goals, as well as economic and social goals.

Good corporate governance in the changing business environment has emerged as a powerful tool of competitiveness and sustainability. Corporate governance lays down ethics, values, and principles, management policies of an organisation which are inculcated and brought into practice. The importance of corporate governance lies in promoting and maintaining integrity, transparency and accountability throughout the organization.

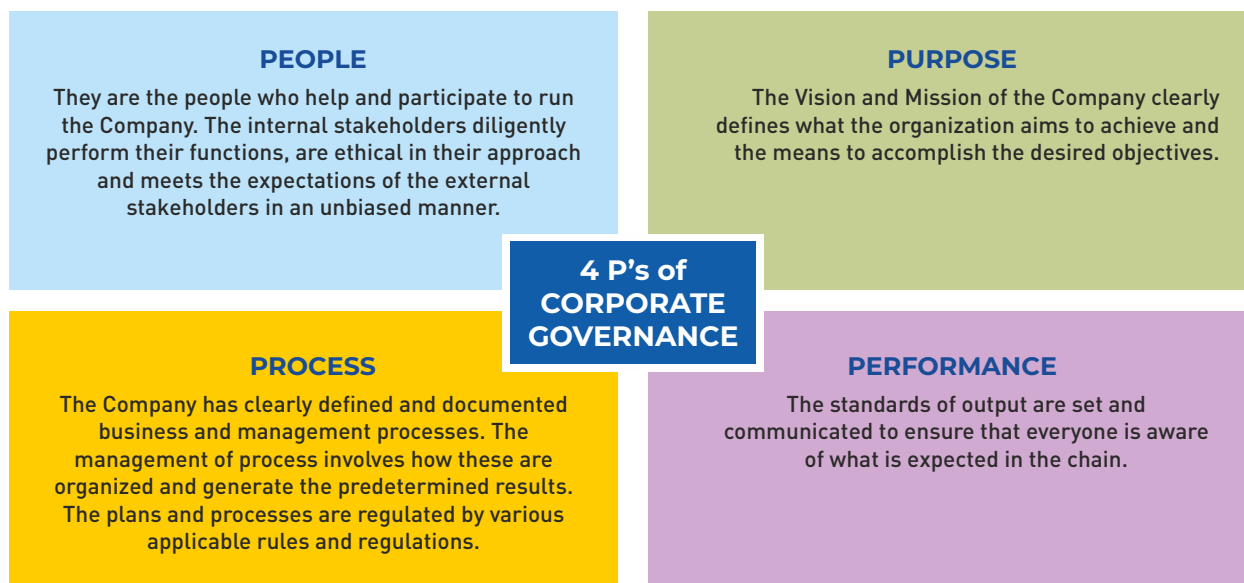

Corporate governance is concerned with set of principles, ethics, values, morals, rules, regulations, & procedures etc. It establishes a system whereby directors are entrusted with duties and responsibilities in relation to the direction of the company's affairs.

The Corporate Governance structure specifies the distribution of rights and responsibilities among different participants in the Corporation, such as the Board, Managers, Shareholders and other Stakeholders and spells out the rules and procedures for making decisions on Corporate Affairs. By doing this, it also provides the structure through which the Company objectives are set, and the means of attaining those objectives and monitoring performance.

Company's Philosophy on Code of Corporate Governance

Corporate Governance guides the Company towards setting and attaining of its objectives, monitoring the performance and adding value to various stakeholders associated, directly or indirectly, with the Company. It covers practically every facet of management, from internal controls & action plans to performance measurement & corporate disclosure.

Your Company follows a comprehensive mechanism of 4 P's of corporate governance which includes: People, Purpose, Process and Performance.

Your Company believes that good corporate governance is an important constituent in enhancing stakeholder value. It has in place processes and systems whereby it complies with the requirements to the corporate governance provided in SEBI Listing Regulations (to the extent applicable to a company which has listed debt securities) and the applicable RBI

Guidelines. The corporate governance framework is based on an effective independent Board, separation of the supervisory role of the Board from the executive management team and constitution of the committees of the Board, as required under applicable laws.

Your Company conducts its business in a way that takes into account both the bottom line and the impact of its activities on the society. The tone is set at the top by the Board of Directors that guides the Company to function in a way that enables inclusive and sustainable growth through more responsible business conduct and due diligence across the supply chain.

The Company has adopted a Board approved Internal Guidelines on Corporate Governance which will help the Company in attaining its objectives/goals, since it encompasses every sphere of operations, management, action plans, internal controls, performance measurement and regulatory disclosure. The said guideline has been uploaded on the Company's website and can be accessed at: <https://www.muthootfincorp.com/policy/>

Board of Directors

The general superintendence, direction, management of the operations, affairs and business of the Company are vested in the Board of Directors, which exercises its powers subject to the Memorandum and Articles of Association of the Company and the requirements of the applicable laws. The Company is focused on compliance with the regulatory requirements and thus maintains an optimum combination of Executive and Non-Executive Directors as provided in section 149 of the Companies Act, 2013 (the Act) and Regulation 17 (1) of SEBI (Listing Obligations and Disclosure Requirements), 2015 (the Listing Regulations).

As on March 31, 2024, the Board is comprised of nine members, including five Independent Directors, two Non-Executive Non-Independent Directors, one Executive Director and one Managing Director. The two Non-Executive Non-Independent Directors includes one Woman Director.

The Independent Directors on the Board of the Company have submitted their respective declarations confirming that they meet the criteria of independence and disclosures confirming that there is no material, financial and/or commercial transactions between Independent Directors and the Company which could have potential conflict of interest with the Company at large. Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the Listing Regulations and that they are independent of the management. Further, the Board is satisfied of the integrity, expertise, and experience (including proficiency in terms of Section 150(1) of the Act and applicable rules thereunder) of all Independent Directors on the Board. The Independent Directors have confirmed that they have included their names in the data bank of Independent Directors maintained with the Indian Institute of Corporate Affairs in terms of Section 150 of the Act read with Rule 6 of the Companies (Appointment & Qualification of Directors) Rules, 2014.

Commodity Price Risk or Foreign Exchange Risk and Hedging Activities	<p>Commodity Price Risk</p> <p>The Company lends against the collateral of used gold jewellery. When the customer fails to repay the principal plus interest of the loan, the Company auctions the collateral and recovers the dues as per the RBI guidelines on gold loan auctioning. The amount recovered at the time of auction depends on the price of the gold content of the jewellery. As gold is a commodity, the Company does therefore bear an exposure to commodity price risk. If gold prices are high, the amount of recovery at the time of auction is more and when the price of gold is low the amount recovered at the time of auction is lower. At the time of auction, the Company at times may not recover full amount of interest due, especially if the price of gold is lower at the time of auction than at the time of disbursement.</p> <p>Foreign Exchange Risks</p> <p>The Company has availed foreign currency loans from banks during the reporting year and has hedged its foreign currency risk on its foreign currency borrowings as at March 31, 2024 by entering into forward contracts with banks. The Company does not have any un-hedged borrowing in foreign currency.</p>
Plant Locations/Offices	As of March 31, 2024, the Company has 3683 branches across India. The details of locations are available on the Company's website at: https://branches.muthootfincorp.com/

We have audited the accompanying Standalone Ind AS financial statements of **MUTHOOT FINCORP LIMITED** ("the **Company**"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of cash flows for the year the ended on that date and notes to the Ind AS Financial Statements, including a summary of material accounting policies and other explanatory information. ["Ind AS Financial Statements"]

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Ind AS Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How it's been addressed in Audit
a) Completeness in identification and disclosure of related party transactions in accordance with the applicable reporting framework.	We have accessed the laid down systems and processes of the Company in identifying related party transactions and its ultimate disclosure in financial statements in accordance with the applicable reporting framework. We have designed the audit procedures in accordance with the guidelines prescribed in Standard on Auditing (SA 550) to identify the risks of material misstatement arising from an entity's failure to appropriately account for or disclose material related party transactions. We have also reviewed the minutes of meetings of the board in the course of the audit to identify any transactions that may require disclosure in accordance with the applicable reporting framework.
b) Effectiveness of IT Systems and related controls.	Due to the automated controls and high degree of dependence in information systems, there is a risk that the financial accounting and reporting records may be misstated in case of any control lapses in the IT system related controls. We have designed our audit procedures in accordance with the guidelines laid down in the Standard on Auditing (SA 530) and tested the controls in the Information Technology Systems on a sample basis which has an impact on the financial accounting and reporting records. We have also tested on a sample basis the controls related to access management including user rights in passing entries, approval for authorizing entries, authorization for reversing entries, segregation of duties, system password protection, external software/hardware access rights etc. Based on our sample review, no material weakness was identified in the IT related systems and controls.
c) Accuracy, completeness and correctness of accounting and related controls maintained at the entity's branches.	At the branch level, entries related to daily operations are passed. We have addressed this as a key audit matter since any control lapses in the branch level accounting may result in the financial accounting and reporting records of the entity being misstated. We have conducted physical visits to key branches and centre processing hub of the company which are considered top based on the significant gold loan and unsecured loan portfolio to identify and evaluate the

We have also tested on a sample basis the independent financial records maintained at the branch level and how the same is considered and incorporated in the financial statements. We have also assessed and analyzed the internal audit reports and how the major observations are dealt with and its impact on the entity's financial accounting and reporting records.</p> <p>Based on our sample review, no major weaknesses were identified.</p>
<p>d) Computation of provision towards impairment of loan assets.</p> <p>As at 31st March 2024, the Company had reported a total impairment loss allowance of Rs. 29,729.05 lakhs (31st March 2023 - Rs 36,454.29 lakhs)</p> <p>A significant degree of judgment is required to determine the timing and amount of Impairment loss allowance to be recognized with respect to loan assets. Based on our risk assessment, the following are the significant judgments and estimates, that impact impairment loss allowance:</p> <ul style="list-style-type: none"> • Completeness and timing of recognition of default, in accordance with the prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Loan Assets; • Measurement of provision is dependent on the probability of default (PD) and loss given default (LGD) of each category of loan asset. Identification of PD and LGD involves significant judgments and estimates related to forward looking information. 	<p>The audit procedures performed, among others, included:</p> <ul style="list-style-type: none"> ■ Considering the board policies and processes for NPA identification and assessing compliance with the RBI norms. ■ Understanding, evaluating and testing the design and effectiveness of key controls around identification of impaired accounts. ■ Performing other procedures including substantive audit procedures covering the identification of NPAs such as: <ul style="list-style-type: none"> • Reading account statements and related information of the borrowers on a sample basis. • Performing inquiries with credit and risk departments to ascertain if there were indicators of stress or an occurrence of an event of default in a particular loan account or any product category which needed to be considered as NPA. • Holding discussions with the management on sectors where there is perceived credit risk and the steps taken to mitigate the risks to identified sectors.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Standalone Financial Statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the standalone Ind AS Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to

fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS Financial Statements, including the disclosures, and whether the Standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT

Annexure referred to in Paragraph 1 under the heading ‘Report on other Legal and Regulatory Requirements’ in the Independent Auditors’ Report of even date to the members of Muthoot Fincorp Limited on the Standalone Ind AS Financial Statements as of and for the year ended 31st March 2024.

1) Tangible and Intangible Assets:

- (a) In our opinion the company has maintained proper records showing particulars including quantitative details and the situation of majority of Property, Plant and Equipment. We are informed that the company is in the process of updating the details in the Fixed Asset module of the software used by the company. To ensure complete recording and updating of the assets in the fixed assets module, the company is in the process of migrating to a new software.
- (b) As informed to us, fixed assets have been physically verified by the management on a periodic basis during the course of internal branch audit conducted during the year. Since there is a regular programme of verification, we are of the opinion that it is reasonable having regard to the size of the company and the nature of its assets. We have been informed that there have been no material discrepancies during such verification.
- (c) In our opinion and according to the information and explanations given to us, the title deeds of immovable property included in Property, Plant and Equipment and in Investment Property are held in the name of the Company.
- (d) In our opinion and according to the information and explanation given to us, the company has not revalued its Property, Plant and Equipment (including Right of use of asset) or Intangible assets or both during the year.
- (e) As informed to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2) Inventory and Working Capital:

- (a) The Company does not have any inventory. Hence, the provisions of clause 3(ii) of the Order are not applicable to the Company.
- (b) In our opinion and according to the information and explanations given to us, the Company has obtained Working Capital Limits in excess of Rs 5 Crores in aggregate from banks and financial Institutions and the quarterly return/statement filed by the Company with such banks or financial Institutions are in agreement with the books of accounts.

3) The company is a Non – Deposit taking Non-Banking Financial Company (NBFC) registered with the Reserve Bank of India. During the year, the company has made investments and in the ordinary course of business granted loans and advances in the nature of secured and unsecured loans to companies, firms, LLPs and other parties. With respect to such Investment and Loans and Advances :

- (a) As the principal business of the company is to give loans, paragraph 3(iii)(a) of the Order is not applicable to the Company.
- (b) In our opinion, the terms and conditions of the grant of such loans are, prima facie, not prejudicial to the Interests of the Company.
- (c) In respect of loans granted by the company, the schedule of repayment of principal and payment of interest have been stipulated. Being a non-banking finance company engaged in the business of granting loans, there are instances of irregularities in repayment of principal amount and receipt of interest as per stipulated terms. Having regard to the nature of business undertaken by the company, specific details of irregularities are not reported although the particulars of overdue for more than ninety days as per books of accounts as at the Balance

Sheet date has been reported in para (d) below

- (d) In respect of loans granted by the company, the total amount overdue for more than ninety days as per Books of Accounts as at the Balance Sheet date is Rs. 35,146.50 lakhs. In our opinion, and as per information and explanations given to us, reasonable steps have been taken by the company for recovery of the said overdue amounts.
 - (e) The provisions of paragraph 3(iii)(e) of the Order are not applicable to the company, as its principal business is to give loans.
 - (f) The company has not granted any loans or advances in the nature of loans that were either repayable on demand or without specifying any terms or period of repayment.
- 4) In our opinion, in respect of loans, investments, guarantees, and security, the company has complied with the provision of Sec 185 and 186 of the Act.
- 5) In our opinion and according to the information and explanations given to us, the company has not accepted any deposits from the public within the meaning of sections 73 to 76 of the Act and rules framed thereunder to the extent notified.
- 6) The Government of India has not prescribed the maintenance of cost records under sub- section (1) of section 148 of the Act for any of the activities of the company and hence the provisions of this section are not applicable to the Company for the year under review.
- 7) In respect of statutory dues:
- (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales- tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues have been generally regularly deposited during the year by the company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales- tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at March 31, 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and the records of the company examined by us, the particulars of statutory dues as at 31st March 2024 which have not been deposited on account of dispute are as follows;

ANNEXURE “B” TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2(f) under ‘Report on other legal and regulatory requirements’ of the Independent Auditors’ Report of even date to the members of Muthoot Fincorp Limited on the Standalone IndAS Financial Statements as of and for the year ended 31 March 2024

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (“THE ACT”)

Opinion

We have audited the internal financial controls over financial reporting of Muthoot Fincorp Limited (“the Company”), as of March 31, 2024, in conjunction with our audit of the Standalone Ind AS Financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) Standards on Auditing, both issued by the ICAI and deemed to be prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control

based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

AUDITOR'S REPORT (RESERVE BANK) DIRECTIONS, 2016”**

To
 The Board of Directors
 Muthoot FinCorp Limited,
 Muthoot Centre, Punnen Road,
 Thiruvananthapuram – 695 001

Sirs,

- 1) The Company has been registered with Reserve Bank of India ('RBI'), Thiruvananthapuram with Registration Number N. 16 – 00170.
- 2) In our opinion, and in terms of the Company's assets and income pattern for the year ended and as at 31st March 2024, the Company is entitled to continue to hold the Certificate of Registration issued by the RBI.
- 3) In our opinion, the Company has complied with the net owned fund requirement as laid down in the Master Direction- Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023.
- 4) The Board of Directors has passed a resolution on 19/04/2023 for Non-Acceptance of public deposits during the financial year 2023-24.
- 5) On the basis of verification of the books and other records and on the basis of information provided by the management, the Company has not accepted any public deposits during the year 2023 – 2024.
- 6) The Company has, in compliance with the Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 prepared the Financial Statements in accordance with the Indian Accounting Standards (Ind AS). Income Recognition, Asset Classification and Provisioning for bad and doubtful debts, have been done in accordance to the said Standards.

As the Company has maintained Impairment Loss Allowance in excess of the minimum provision requirement as per the RBI regulations, we are of the opinion that the Company has complied with the Prudential Norms relating to Provisioning for bad and doubtful debts, Asset Classification and Income Recognition as applicable to it as on 31/03/2024.

- 7) The return filed with the RBI under DNBS-03 for the Financial Year ended 31st March, 2024 has been submitted on 17th April, 2024. The Capital Adequacy Ratio as at 31st March, 2024 disclosed in the said return is filed on a provisional basis and the figures reported therein are subject to change. However, based on our examination of the computation of the ratio, we report that the Company has complied with the capital to risk asset norm for the year ended 31st March, 2024.
- 8) Based on the information furnished to us, the annual statement of capital funds, risk assets/exposures and risk asset ratio as at 31st March, 2023 has been furnished vide DNBS-03 on 14th April, 2023, which was revised on 20th June, 2023.

The Company's registered office is at Muthoot Centre, TC No 27/ 3022 Punnen Road, Thiruvananthapuram, Kerala, India, 695001.

The Registration details of the Company are as follows:

Reserve Bank of India Registration no.: N - 16.00170

Corporate Identity Number (CIN): U65929KL1997PLC011518

2. Basis of preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act, the Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR(NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI to the extent applicable. The Company uses accrual basis of accounting except in case of significant uncertainties.

The financial statements are prepared on a going concern basis, as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption.

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs.

Basis of measurement

The financial statements have been prepared on a historical cost basis, except for following assets and liabilities which have been measured at fair value:

- i) Investments in equity instruments at fair value through other comprehensive income (FVOCI) or at fair value through statement of profit or loss (FVTPL)
- ii) Investments which are held for trading
- iii) Defined benefit plans.
- iv) Cumulative, Compulsorily Convertible Preference Shares issued at Fair Value through profit or loss (FVTPL)

v) Derivative Financial Liability

Functional and presentation currency

The financial statements are presented in Indian Rupees (INR) which is also functional currency of the Company and the currency of the primary economic environment in which the Company operates. All values are rounded to the nearest lakhs, except when otherwise indicated.

3. Material accounting policies

3.1 Recognition of interest income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed:

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets. Interest income is not recognized on credit impaired assets.

3.2 Recognition of revenue from sale of goods and services

Revenue (other than for financial instruments) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation

Revenue from contract with customer for rendering services is recognised at a point in time when performance obligation is satisfied.

3.2.1 Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

3.2.2 Rental Income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit and loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms.

3.2.3 Fees and commission income

Fees and commission income such as service charges, commission from fee based business lines, service income etc. are recognised on point in time basis.

3.2.4 Net gain / loss on fair value changes

The Company designates certain financial assets for subsequent measurement at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI). The Company recognises gains / losses on fair value change of financial assets measured at FVTPL on net basis.

3.2.5 Net gain on derecognition of financial instruments

Gains arising out of direct assignment transactions comprise the difference between the interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the excess interest spread (EIS). In accordance with Ind AS 109 and as per management practice, in case of assignment transactions with complete transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, where the transfer of financial asset qualifies for derecognition in its entirety, the whole of the interest spread at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as receivable towards assignment transactions and correspondingly recognized as gain on derecognition of financial asset.

3.3 Financial instruments**1.1.1 Initial recognition**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Loans are recognised when funds are transferred to the customers' account. Investments are recognised on settlement date. The Company recognises debt securities and borrowings when funds reach the Company, post allotment if applicable.

1.1.2 Initial and subsequent measurement of financial instruments

The Company classifies its financial assets into the following measurement categories:

1. Debt instruments at amortised cost
2. Debt instruments at fair value through other comprehensive income (FVTOCI)
3. Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
4. Equity instruments in subsidiary companies at cost
5. Equity instruments measured at fair value through other comprehensive income FVTOCI

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets which are explained below:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher

level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The SPPI test

As a second step of its classification process, the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

1.1.3. Financial assets measured at amortised cost

A 'debt instrument' is measured at amortised cost if both the following conditions are met:

- a. The financial asset is held within a business model with the objective to hold financial assets to collect contractual cash flows and
- b. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement at fair value plus directly attributable costs, these financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the profit or loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

1.1.4 Financial assets measured at fair value through other comprehensive income

A 'debt instrument' is measured at fair value through other comprehensive income if both the following conditions are met:

- a. The financial asset is held within a business model with the objective to hold financial assets to

collect contractual cash flows and selling the assets and

- b. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding

Debt instruments included within the FVTOCI category are measured at each reporting date at fair value with such changes being recognised in other comprehensive income (OCI). The interest income on these assets is recognised in profit or loss. Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the income statement.

1.1.5 Financial Instrument measured at fair value through profit or loss

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition, if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Company's investment is classified as FVTPL, if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking.

Financial instruments held at fair value through profit or loss, are initially recognised at fair value, with transaction costs recognised in the income statement as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the income statement as they arise.

1.1.6 Equity instruments

The Company subsequently measures investment in equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity investments as equity instruments at FVTOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Gains and losses on these equity instruments classified at FVTOCI are never recycled to profit or loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI.

3.3.1 Financial Liabilities

Initial Measurement

All financial liabilities are initially recognised at fair value. Transaction cost that are directly attributable to the acquisition or the issue of financial liability, which are not at fair value through profit or loss, are adjusted to fair value at initial recognition.

Subsequent Measurement

Financial liabilities except cumulative compulsorily convertible preference shares and derivative financial liability, are subsequently carried at amortized cost using the effective interest method.

3.4 Derecognition of financial assets and liabilities

3.4.1 Financial Asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial

assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

- a) The Company has transferred its contractual rights to receive cash flows from the financial asset or
- b) It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following three conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients
- The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset or,
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset
- The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

3.4.2 Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

3.5 Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset, and the net amount is presented in the balance sheet when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a. The normal course of business

- b. The event of default
- c. The event of insolvency or bankruptcy of the Company and/or its counter parties.

3.6 Impairment of financial assets

3.6.1 Overview of the Expected Credit Loss (ECL) principles

The Company has created provisions on all financial assets wherever required, except for financial assets classified as FVTPL, based on the expected credit loss method.

The ECL provision is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Company performs an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Company categorises its loans into three stages as described below:

For non-impaired financial instruments

- Stage 1 is comprised of all non-impaired financial instruments which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial instruments. In assessing whether credit risk has increased significantly, the Company compares the risk of a default occurring on the financial instrument as at the reporting date, with the risk of a default occurring on the financial instrument as at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial instruments which have experienced a SICR since initial recognition. The Company recognises lifetime ECL for stage 2 financial instruments. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a SICR since initial recognition, then entities recognize 12 months of ECL.

For impaired financial instruments:

Financial instruments are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Company recognises lifetime ECL for impaired financial instruments.

3.6.2 The calculation of ECLs

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Company uses historical information where available to determine PD. Considering the different products, schemes, ticket size, loan to value and geographies, the Company has bifurcated its loan portfolio into various pools. PD is calculated using Incremental NPA approach considering fresh slippage using historical information. Where historical information is not available for arriving at reasonable default probability, published probability of default for similar loan segments are used by the Company.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

Loss Given Default (LGD) – The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive. The Company uses computed discounted recoveries in NPA accounts that are closed during the year where historical information is available and uses Foundational Internal Ratings Based approach (FIRB) norms in the absence of sufficient historical trends.

Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Write-offs

Loans and other assets are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when it is determined that the customer does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

Collateral

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as gold, securities, stock, current asset etc. However, the fair value of collateral affects the calculation of ECLs. The fair value of the same is based on data provided by third party or management judgements.

Impairment of Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables.

3.7 Determination of fair value

The Company measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, if market participants act in their economic best interest.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which enough data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments – Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments – Those that include one or more unobservable input that is significant to the measurement as whole.

3.8 Foreign Currency translation

Transactions in foreign currencies, if any, are initially recorded in the functional currency at the spot rate of exchange ruling at the date of the transaction. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the spot rate of exchange at the reporting date. All differences arising on non-trading activities are taken to other income/expense in the statement of profit and loss.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

3.9 Derivative Financial Liability

The company enters into derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign exchange rate risk. Derivatives are recognized at fair value and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The resulting gain/loss is recognized in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship.

3.10 Finance cost

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees including upfront costs incurred in relation to borrowings, commissions payable to advisers and other expenses such as external legal costs, provided these are incremental costs that are directly related to the issue of a financial liability. Interest accrued on lease liability recognized and measured in accordance with Ind AS 116 "Leases" also forms part of Finance cost.

3.11 Other income and expenses

All Other income and expense are recognized in the period they occur.

3.12 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, short-term deposits with an original maturity of three months or less and forex balances, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash, forex balances and short-term deposits, as defined above, net of outstanding bank overdrafts, if any, as they are considered an integral part of the Company's cash management.

3.13 Property, plant and equipment

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.

Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.13.1 Depreciation

Tangible assets are stated at historical cost less accumulated depreciation. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Depreciation is charged based on a review by the management during the year and at the rates derived based on the useful lives of the assets as specified in Schedule II of the Companies Act, 2013 on Straight Line Method. The estimated useful lives are as follows:

Particulars	Useful life
Building	60 years
Computer	3 years
Furniture and Fixtures	5 to 30 years
Plant and Equipment	5 to 20 years
Vehicles	5 to 8 years
Windmill	22 years
Office equipment	15 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.14 Intangible assets

The Company's intangible assets consist of computer software.

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Intangible assets are amortised using the Written down value method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a Written down value basis over a period of 3 years keeping residual value 5%.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.15 Investment Property

Properties, held to earn rentals and/or capital appreciation are classified as investment property and measured and reported at cost, including transaction costs, borrowing cost and other directly attributable cost in bringing the asset to its working condition for its intended use. Subsequent expenditure is capitalized to the assets carrying amount only when it is probable that the future economic benefit associated with the expenditure will flow to the company.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

The fair value of investment property is disclosed in the notes accompanying these financial statements. Fair value has been determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

3.16 Impairment of non-financial assets

The Company's assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not

exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.17 Post-employment benefits

3.17.1 Defined contribution schemes

Contributions to the Employees Provident Fund Scheme maintained by the Central Government, Employee State Insurance Corporation (ESIC) etc. are accounted for on an accrual basis. Retirement benefit in the form of provident fund is a defined contribution scheme.

The company has no obligation, other than the contribution payable under the schemes. The company recognizes contribution payable to the provident fund scheme / ESIC as expenditure, when an employee renders the related service. If the contribution payable to the scheme / ESIC for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset.

3.17.2 Defined Benefit schemes

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenure of employment with the Company. The Company accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Company makes contributions to a Gratuity Fund administered by the Life Insurance Corporation of India.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Other long-term employee benefits

Company's liabilities towards compensated absences to employees are accrued on the basis of valuations, as at the Balance Sheet date, carried out by an independent actuary using Projected Unit Credit Method. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the Statement of Profit and Loss. The Company presents the provision for compensated absences under provisions in the Balance Sheet.

3.17.3 Employee Stock Option & Employee Stock Appreciation Right

The Company has formulated its Employees Stock Option Schemes and Stock Appreciation Right Schemes (SAR). The fair value of options granted under Employee Stock Option Plan is recognised as an

employee benefits expense with a corresponding increase in Provisions and the fair value of SAR granted is recognized as an employee benefit expense having a corresponding increase in financial liability. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest.

3.18 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

3.19 Taxes

Income tax expense represents the sum of current tax and deferred tax.

3.19.1 Current Tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.19.2 Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax relating to items recognised outside profit and loss is recognised either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same

taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

3.19.3 Goods and services tax /value added taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax/value added taxes paid, except:

- i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- ii. When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from and / or payable to, the taxation authority is included as part of receivables or payables respectively in the balance sheet.

3.20 Contingent Liabilities and assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The company does not have any contingent assets in the financial statements.

3.21 Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.22 Dividends on ordinary shares

The Company recognises a liability to make cash or non-cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

3.23 Leases

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

Company as a lessee

The Company's lease asset class consist of building and equipment. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company has, at the date of transition, recognized a right-of use asset and a corresponding lease liability for all active lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term lease) and low value assets. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight line basis over the term of the lease.

The right-of-use assets are recognized at cost, which comprises the present value of the lease liability as at the date of transition. Right-of-use assets are depreciated on a straight-line basis over the shorter of the balance lease term and useful life of the underlying asset. The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit on the lease or, if not readily determinable, using the incremental borrowing rates. Interest accrued on lease liability and lease payments made, are subsequently adjusted to the initial recognition of lease liability.

Company as a lessor

Leases where the Company does not transfer substantially all the risks and benefits incidental to ownership of the leased items are operating leases. Rental Income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit and loss.

3.24 Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

4 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

4.1 Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are

compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2 Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.3 Fair value measurement:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.4 Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by several factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience, regulatory advisories, market conditions and forecasts and revise when necessary.

4.5 Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

4.6 Provisions

At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

4.7 Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Transferred financial assets that are derecognised in their entirety but where the Company has continuing involvement

The Company had sold some loans and advances measured at amortised cost, as a source of finance in previous reporting periods. As per terms of the deal, risk and reward had been transferred to the customer. Hence, as per the derecognition criteria of IND AS 109, including transfer of substantially all risks and rewards relating to assets being transferred to the buyer being met, the assets were derecognised. The table below summarises the carrying amount of the derecognised financial assets:

(d) Total of previous year shortfall (net of amount spent out of earlier year shortfall)	628.42	401.73
(e) Reason for shortfall	To better serve the students, the project's scope was expanded from solely offering a sports facility for football, volleyball, cricket, and other sports to establishing a comprehensive sports academy. This academy will not only provide top-tier sports training but also include educational facilities where students can attend regular academic classes, all meeting international standards. This change was prompted by the unavailability of schools we initially planned to partner with. Groundwork at the site is underway, and we are currently updating the architectural plans to accommodate these enhanced specifications.	With regard to the Sports Infrastructure project at Palakkad, based on advice from Architects, a wider road alternative had to be considered, evaluation and negotiations of which delayed the start of the construction work.

(vi) The Company had filed a Writ Petition before the Honourable High Court of Madras on 30th July, 2019 challenging the Order passed by the Income Tax Settlement Commission, Chennai Bench abating the proceedings before it relating to the Settlement Application filed by the Company dated December 17, 2017 ("Settlement Application"); and praying for stay on proceedings initiated by the Joint Commissioner of Income Tax (OSD), Central Circle, Thiruvananthapuram post abatement of proceedings by the Settlement Commission. The tax and interest due on the issues forming part of the Settlement Application totaled to ₹ 7,406 lakh. The Settlement Application related to notices received under Section 148 for Assessment Year 2010-11 and Section 153A of the Income Tax Act, as per which MFL was required to prepare true and correct return of which MFL was assessable for the Assessment Years 2011-2012 to 2016-2017 and for Assessment Year 2017-18, assessment of which was deemed to be pending by virtue of explanation (iv) to Section 245A(b) as on date of filing the settlement application. The Honourable High Court of Madras dismissed the petition filed by the Company on June 29, 2022 on the ground that the cause of action of the matter has arisen fully in Kerala and not within the territorial jurisdiction of the Honourable Madras High Court, thereby ousting its jurisdiction to entertain the petition. Accordingly, Company filed a writ petition before the High Court of Kerala, wherein the High Court passed an order on April 03, 2023 directing the interim board for settlement to reconsider the settlement application and to start afresh. The Interim Board of Settlement has passed an order dated November 15, 2023 opining on the settlement of income under the matter along with the interest to be charged and granting immunity to MFL from prosecution and penalty imposed under the Income Tax Act. The Deputy Commissioner of Income Tax, Central Circle, Thiruvananthapuram subsequently passed Orders giving effect to the Order of the Honorable Interim Board for Settlement for the Assessment Years 2010-11 to 2017-18 with demands aggregating to ₹ 13,892.97 lakhs and refunds aggregating to ₹ 4,675.93 lakhs. The said Orders were received on March 19, 2024. The Company evaluated the Orders passed and identified incorrect computations which has been intimated to the Central Circle, Thiruvananthapuram.

Capital Management

The primary objective of the Company's capital management policy is to ensure that the Company complies with externally imposed capital requirements and maintains healthy credit ratings and capital ratios in order to support its business and to maximize shareholder value.

Being an NBFC-SI, the RBI requires the Company to maintain a minimum capital to risk weighted assets ratio ("CRAR") consisting of a minimum Tier 1 Capital of 12% and a combined Tier 1 & Tier 2 Capital of 15% of our aggregate risk weighted assets. The capital management process of the Company ensures to maintain a healthy CRAR at all the times. The Company has issued perpetual debt instruments aggregating to INR 20,000 (March 31, 2023 - INR 10,000) during the year thereby strengthening the regulatory capital levels.

Regulatory capital	As at 31st March 2024	As at 31st March 2023
Tier 1 Capital	3,63,171	3,06,097
Tier 2 Capital	94,900	90,219
Total capital	4,58,071	3,96,316

42 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Fair Value Hierarchy of assets and liabilities

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy as at March 31, 2024:

Fair value technique

Investment at fair value through profit and loss

For investment at fair value through profit and loss, valuation are done using quoted prices from active markets or on published Net Asset Values of the investment at the measurement date or at the nearest available date.

Equity instruments

The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions are generally Level 1. Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report and valued as at the measurement date or at the nearest available date has been classified as Level 2.

Financial Liabilities with significant unobservable inputs (Level 3)

This level of hierarchy includes financial liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data, this level of hierarchy includes cumulative compulsory convertible preference shares.

The fair value of the CCCPS is measured using the Monte Carlo Simulation technique. The Monte Carlo Simulation Method is one where a risk-neutral framework is used to simulate a range of simulated values, representing all the potential paths a variable could move over the period of the simulation. The inputs to this model are taken from observable market where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Valuation techniques

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and balances, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity. Such amounts have been classified as Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

(Rupees in lakhs, except for share data and unless otherwise stated)

Loans and advances to customers

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, credit risk is derived using historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics ie, type of loan. The Company then calculates and extrapolates the fair value to the entire portfolio using effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

Financial liability at amortised cost

The fair values of financial liability held-to-maturity are estimated using a effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

43 Segment Reporting

In accordance with Para 4 of IND AS 108, Operating Segments, segment information has been presented in the consolidated financial statements of Muthoot FinCorp Limited and therefore, no separate disclosure has been given in standalone financial statement.

44. Risk Management

The Company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support the company's operations. The Company's principal financial assets include loans, investments, cash and cash equivalents and other receivables that derive directly from its operations.

As a financial lending institution, Company is exposed to various risks that are related to lending business and operating environment. The principal objective in Company 's risk management processes is to measure and monitor the various risks that Company is subject to and to follow policies and procedures to address such risks.

The Company's Risk Management Committee of the Board of Directors constituted in accordance with the RBI directives has overall responsibility for overseeing the implementation of the risk management policy. The committee meets quarterly to review the Risk Management practices and working of the Enterprise Risk Management Department. The Committee consists of members of the Board including the Managing Director and is chaired by an Independent Director. The Enterprise Risk Management department periodically places its report to the committee for review. The committee's suggestions for improving the Risk Management Practices are implemented by the Enterprise Risk Management department.

The Company has implemented comprehensive policies and procedures to assess, monitor and manage its risk. The risk management process is continuously reviewed, improved and adapted in the changing risk scenario and the agility of the risk management process is monitored and reviewed for its appropriateness in the changing risk landscape. The process of continuous evaluation of risks includes taking stock of the risk landscape on an event-driven basis. The Company has an elaborate process for risk management. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis.

The major type of risk Company faces in business are credit risk, liquidity risk, market risk and operational risk.

(Rupees in lakhs, except for share data and unless otherwise stated)

I) Credit Risk

Credit Risk arises from the risk of loss that may occur from the default of Company's customers under loan agreements. Customer defaults and inadequate collateral may lead to loan losses.

The Company addresses credit risk through following major processes:

- Standardize the process of identifying new risks and designing appropriate controls for these risks
- Minimize losses due to defaults or untimely payments by borrowers
- Maintain an appropriate credit administration and loan review system
- Establish metrics for portfolio appraisal and monitoring
- Design appropriate credit risk mitigation techniques

A) Impairment Assessment

The Company is primarily engaged in the business of providing gold and SME loans. Whereas tenure of gold loans primarily range from 6 to 12 months, tenure of SME loans and loans against property range from 3 months to 180 months.

The Company's impairment assessment and measurement approach is set out in this note. It should be read in conjunction with the summary of material accounting policies.

Definition of default and cure

The Company considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on his / her contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeness to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations.

The Company has considered a financial instrument as 'cured' and therefore re-classified out of Stage 3 during the year only once the entire dues have been received.

Company's internal credit rating grades and staging criteria for loans are as follows:

Rating	Loans Days past due (DPD)	Stages
High grade	Not yet due	Stage I
Standard grade	1-30 DPD	Stage I
Sub-standard grade	31-60 DPD	Stage II
Past due but not impaired	61-89 DPD	Stage II
Individually impaired	90 DPD or More	Stage III

Exposure at Default (EAD)

The outstanding balance as at the reporting date is considered as EAD by the company.

Probability of default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. To calculate the ECL for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments. The Company uses historical information where available to determine PD. For Gold and SME loans, considering the different products, schemes, ticket size, loan to value and geographies, the Company has bifurcated its loan portfolio into various pools. PD is calculated using Incremental NPA approach considering fresh slippage using historical information. For loans against property

(Rupees in lakhs, except for share data and unless otherwise stated)

and personal loans, the Company has considered the published average default probability for similar loans from a leading credit bureau report on lending in India as the said portfolio is relatively new to the Company.

Based on its review of macro-economic developments and economic outlook, the Company has assessed that no adjustment is required for temporary overlays to determine qualitative impact on its PD.

Loss Given Default (LGD)

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Company expects to receive. LGD rates for Gold Loans have been computed internally based on the discounted recoveries in NPA accounts that are auctioned and upgraded during the year. For other loans, LGD rates have been arrived at guided by the Foundational Internal Ratings Based approach (FIRB) norms.

When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

Significant Increase in credit risk

The internal rating model evaluates the loans on an ongoing basis. The rating model also assesses if there has been a significant increase in credit risk since the previously assigned risk grade. One key factor that indicates significant increase in credit risk is when contractual payments are more than 30 days past due.

II) Liquidity risk

Asset Liability Management (ALM)

Liquidity risk is the risk of being unable to raise necessary funds from the market at optimal cost to meet operational and debt servicing requirements. The purpose of liquidity management is to ensure sufficient cash flow to meet all financial commitments and to capitalise on opportunities for business expansion. Board of Directors will have overall responsibility of monitoring, supervision and control of the Asset Liability Management (ALM) mechanism. An Asset Liability Management Committee (ALCO) consisting of the Managing Director and senior executives of the Company shall be responsible for the day to day as well as periodic monitoring and control of Asset Liability management. The discussions of the ALCO is placed before the Board of Directors for review. Our treasury team sources funds from multiple sources, including from banks, financial institutions, capital & retail markets to maintain a healthy mix of sources. The treasury team is responsible for diversifying fund raising sources, managing interest rate risks and maintaining a strong relationship with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies to ensure the liquidity risk is well addressed.

III) Market risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates and other market changes. The Company is exposed to three types of market risk as follows:

a) Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is subject to interest rate risk, principally because we lend to clients at fixed interest rates and for periods that may differ from our funding sources, while our borrowings are at both fixed and variable interest rates for different periods. We assess and manage our interest rate risk by managing our assets and liabilities. Our Asset Liability Management Committee evaluates asset liability management, and ensures that all significant mismatches, if any, are being managed appropriately.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact on floating rate borrowings is as follows:

Particulars	March 31, 2024	March 31, 2023
On Borrowings		
1% increase	(19,070.32)	(17,768.95)
1% decrease	19,070.32	17,768.95

b) Price risk

Equity price risk is the risk that the fair value of equities decreases as the result of changes in level of equity indices and individual stocks. The trading and non-trading equity price risk exposure arises from equity securities classified at FVOCI. A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

Particulars	Increase/(Decrease) in percentage	Sensitivity of profit or loss	Sensitivity of Other Comprehensive Income
As at 31st March 2024	10/(10)	377.48 /(377.48)	19,232.03 / (19,232.03)
As at 31st March 2023	10/(10)	140.30 /(140.30)	18,428.10 /(18,428.10)

A sudden fall in the gold price can result in increased customers defaults where the loan amount and interest exceeds the market value of gold, though the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the collateral. This risk is partly mitigated by the fact that a minimum 25% margin is retained on the value of gold jewellery for the purpose of calculation of the loan amount. Further, the gold jewellery collateral is appraised solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewellery if any. Though an occasional decrease in gold prices will not increase price risk significantly on account of our adequate collateral security margins, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

(Rupees in lakhs, except for share data and unless otherwise stated)

c) Foreign currency risk

Foreign currency risk is the risk that the value of the financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company has hedged its foreign currency risk on its foreign currency borrowings as at March 31, 2024 by entering into forward contracts. The counterparties for such hedge transactions are banks. The Company's exposure on account of Foreign Currency Borrowings at the end of the reporting period as follows:

Particulars	March 31, 2024		March 31, 2023	
	Amount in USD	Amount in INR	Amount in USD	Amount in INR
Foreign currency borrowings	658.76	54,193.29	-	-

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all the variables are held constant. On the date of maturity of the derivative instrument, the sensitivity of profit and loss to changes in the exchange rates will be nil.

d) Prepayment risk

Prepayment risk is the risk that the Company will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected.

IV) Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

INDEPENDENT AUDITOR'S REPORT

TO,

THE MEMBERS OF MUTHOOT FINCORP LIMITED,

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying Consolidated Ind AS financial statements of **Muthoot Fincorp Limited ("the holding Company")**, **Muthoot Centre, TC No 14/ 2074-7, Punnen Road, Thiruvananthapuram – 695 001 and its subsidiaries (together referred as "Group")** which comprise the Consolidated Balance Sheet as at 31st March, 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of changes in equity and the Consolidated Statement of cash flows for the year then ended, including the notes to the Consolidated Ind AS Financial Statements, a summary of significant accounting policies and other explanatory information. [hereinafter referred to as "Consolidated Ind AS Financial Statements"]

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the Consolidated state of affairs of the Group as at 31st March, 2024, and its Consolidated profit including other Comprehensive Income, Consolidated Changes in equity and Consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the Key Audit matters to be communicated in our report.

Key Audit Matters	How it's been addressed in Audit
a) Completeness in identification and disclosure of related party transactions in accordance with the applicable reporting framework.	We have accessed the laid down systems and processes of the Holding Company in identifying related party transactions and its ultimate disclosure in the Consolidated Ind AS financial statements in accordance with the applicable reporting framework. We have designed the audit procedures in accordance with the guidelines prescribed in Standard on Auditing (SA 550) to identify the risks of material misstatement arising from an entity's failure to appropriately account for or disclose material related party transactions. We have also reviewed the minutes of meetings of the board of the Holding Company in the course of the audit to identify any transactions that may require disclosure in accordance with the applicable reporting framework.
b) Effectiveness of IT Systems and related controls.	<p>Due to the automated controls and high degree of dependence in information systems, there is a risk that the financial accounting and reporting records may be misstated in case of any control lapses in the IT system related controls. We have designed our audit procedures in accordance with the guidelines laid down in the Standard on Auditing (SA 530) and tested the controls in the Information Technology Systems of Holding Company on a sample basis which has an impact on the financial accounting and reporting records. We have also tested on a sample basis the controls related to access management including user rights in passing entries, approval for authorizing entries, authorization for reversing entries, segregation of duties, system password protection, external software/hardware access rights etc of the Holding Company.</p> <p>We have relied upon the work done by auditors of Subsidiary Companies (SA 600) regarding IT systems and controls. Based on the audit report issued by other auditors, no material weakness was identified in the IT related systems and controls of the subsidiaries.</p>
c) Accuracy, completeness and correctness of accounting and related controls maintained at the entity's branches.	At the branch level, entries related to daily operations are passed. We have addressed this as a key audit matter since any control lapses in the branch level accounting may result in the financial accounting and reporting records of the entity being misstated. We have conducted physical visits to

We have also tested on a sample basis the independent financial records maintained at the branch level of the holding company and how the same is considered and incorporated in the Consolidated Ind AS financial statements. We have also assessed and analyzed the internal audit reports of holding company and how the major observations are dealt with and its impact on the Holding Company's financial accounting and reporting records.</p> <p>We have relied upon the work done by auditors of Subsidiary Companies (SA 600) regarding Accuracy, completeness and correctness of accounting and related controls maintained at the Subsidiary Companies' branches. Based on the audit report issued by auditors of subsidiaries, no major weaknesses were identified.</p>
<p>d) Computation of provision towards impairment of loan assets.</p> <p>As at 31st March 2024, the Group had reported a total impairment loss allowance of 49,932.15 lakhs (31st March 2023 - Rs. 54,978.75 lakhs)</p> <p>A significant degree of judgment is required to determine the timing and amount of Impairment loss allowance to be recognized with respect to loan assets. Based on our risk assessment, the following are the significant judgments and estimates, that impact impairment loss allowance:</p> <ul style="list-style-type: none"> • Completeness and timing of recognition of default, in accordance with the prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Loan Assets; • Measurement of provision is dependent on the probability of default (PD) and loss given default (LGD) of each category of loan asset. Identification of PD and LGD involves significant judgments and estimates related to forward looking information. 	<p>The audit procedures performed for the holding Company, among others, included:</p> <ul style="list-style-type: none"> ■ Considering the board policies and processes for NPA identification and assessing compliance with the RBI norms. ■ Understanding, evaluating and testing the design and effectiveness of key controls around identification of impaired accounts. ■ Performing other procedures including substantive audit procedures covering the identification of NPAs such as: <ul style="list-style-type: none"> • Reading account statements and related information of the borrowers on a sample basis. • Performing inquiries with credit and risk departments to ascertain if there were indicators of stress or an occurrence of an event of default in a particular loan account or any product category which needed to be considered as NPA. • Holding discussions with the management on sectors where there is perceived credit risk and the steps taken to mitigate the risks to identified sectors.

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Annual Report but does not include the Consolidated Ind AS financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and those charged with governance for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance, Consolidated changes in equity and Consolidated cash flows of the Group including its Associates and jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Ind AS

financial statements may be influenced. We consider quantitative materiality and qualitative factors in planning the scope of our audit work and in evaluating the results of our work; and to evaluate the effect of any identified misstatements in the consolidated Ind AS financial statements.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements / financial information of the subsidiaries, whose financial statements reflect total assets of Rs.13,89,207.80 lakhs as at 31st March, 2024, total revenues of Rs. 2,60,099.19 lakhs and net cash flows amounting to Rs.31,142.77 lakhs for the year ended on that date, as considered in the consolidated Ind AS financial statements.
- (b) This financial statements / financial information has been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.
- (C) Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated financial statements;

ANNEXURE “A” TO THE INDEPENDENT AUDITORS' REPORT

Referred to in Paragraph 1(f) under 'Report on other Legal and Regulatory Requirements' of the Independent Auditors' Report of even date to the members of Muthoot Fincorp Limited on the Consolidated Ind AS Financial Statements as of and for the year ended 31st March 2024.

REPORT ON THE INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING UNDER CLAUSE (I) OF SUB SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("the Act"):

In conjunction with our audit of the Consolidated Ind AS Financial Statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls over financial reporting of **Muthoot FinCorp Limited** (hereinafter referred to as "the Holding Company") and its subsidiary companies, which includes internal financial controls over financial reporting of the Company and its subsidiaries.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary companies, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies are sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that; (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding Company and its subsidiary companies, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024 based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to the subsidiary companies are based solely on the corresponding reports of the auditors of such company.

Our opinion is not modified in respect of the above matter.

2. Basis of preparation

2.1 Statement of Compliance

The consolidated financial statements (CFS) of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act, the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by RBI and National Housing Bank Guidelines/Regulations ('NHB directions') and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR(NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI to the extent applicable.

The financial statements are prepared on a going concern basis, as the Management is satisfied that the Group shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption.

2.2 Presentation of financial Statements

The Group presents its Balance Sheet in order of liquidity. The Group prepares and presents its Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the format prescribed by Division III of Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 'Statement of Cash Flows'.

The Group generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Group offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

2.3 Principles of consolidation

The consolidated financial statements incorporate the financial statements of the Parent Company and all its subsidiaries, being the entities that it controls from the date control is gained. Control is evidenced where the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Power is demonstrated through existing rights that give the ability to direct relevant activities, which significantly affect the entity's returns. The financial statements of subsidiaries are prepared for the same reporting year as the Parent Company. Where necessary, adjustments are made to the financial statements of subsidiaries to align the accounting policies in line with accounting policies of the Parent Company.

These consolidated financial statements are prepared on the following basis in accordance with Ind AS 110 on "Consolidated Financial Statements" specified under Section 133 of the Act. Following subsidiary companies have been considered in the preparation of the consolidated financial statements:

Name of the Company	Country of incorporation	Consolidated as	% equity shareholding of MFL (Current Year)	% equity shareholding of MFL (Previous Year)
Muthoot Housing Finance Company Limited	India	Subsidiary	81.71%	80.66%
Muthoot Pappachan Technologies Limited	India	Subsidiary	60.00%	60.00%
Muthoot Microfin Limited	India	Subsidiary	50.21%	72.36%

i) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which controls commences until the date on which control ceases.

ii) Non-controlling interest ("NCI")

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

iii) Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other component of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in the statement of profit and loss.

iv) Transactions eliminated on consolidation

The financial statements of the Holding Company and its subsidiary used in the consolidation procedure are drawn up to the same reporting date i.e. March 31, 2024. The financial statements of the Holding Company and its subsidiary are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses. Intra-group balances and transactions, and unrealized income and expenses arising from intra-group transactions, are eliminated. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment. The Group follows uniform accounting policies for like transactions and other events in similar circumstances. For additional information as required by Paragraph 2 of the General Instructions for preparation of Consolidated Financial Statements to Schedule III to the Companies Act, 2013, refer Note 51.

2.4 Basis of measurement

The financial statements have been prepared on a historical cost basis, except for following assets and liabilities which have been measured at fair value:

- i) Investments in equity instruments at fair value through other comprehensive income (FVTOCI)
- ii) Financial assets and liabilities designated at fair value through profit or loss (FVTPL)
- iii) Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iv) Investments which are held for trading
- v) Assets held for sale are measured at fair value less cost to sell or carrying value whichever is lower
- vi) Defined benefit plans.
- vii) Derivative Financial Instruments

2.5 Functional and presentation currency

The financial statements are presented in Indian Rupees (INR) which is also functional currency of the Group and the currency of the primary economic environment in which the Group operates. All values are rounded to the nearest lakhs, except when otherwise indicated.

3. Material accounting policies**3.1 Recognition of interest income**

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed:

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

3.2 Recognition of revenue from sale of goods and services

Revenue (other than for financial instruments) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

Revenue from contract with customer for rendering services is recognised at a point in time when performance obligation is satisfied.

3.2.1 Dividend income

Dividend income is recognised when the Group's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

3.2.2 Income from assignment transactions

Gains arising out of direct assignment transactions comprise the difference between the interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the excess interest spread (EIS). In accordance with Ind AS 109 and as per management practice, in case of assignment transactions with complete transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, where the transfer of financial asset qualifies for derecognition in its entirety, the whole of the interest spread at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as receivable towards assignment transactions and correspondingly recognized as gain on sale of loan assets.

3.2.3 Rental Income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit and loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms.

3.2.4 Fees and commission income

Fees and commission income such as service charges, commission from fee-based business lines, service income etc. are recognised on point in time basis.

3.2.5 Miscellaneous Income

All other income is recognized on an accrual basis, when there is no uncertainty in the ultimate realization/collection.

3.3 Financial instruments**A. Financial Asset****3.3.1 Initial recognition**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Loans are recognised when funds are transferred to the customers' account. investments are recognized on the date when the company becomes party to the contractual provisions. The group recognizes debt securities, deposits and borrowings when funds reach the group and post allotment, where applicable.

3.3.2 Initial and subsequent measurement of financial instruments

The Group classifies its financial assets into the following measurement categories:

1. Debt instruments at amortised cost
2. Debt instruments at fair value through other comprehensive income (FVTOCI).
3. Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL).
4. Equity instruments measured at fair value through other comprehensive income FVTOCI.

The classification depends on the contractual terms of the financial assets' cash flows and the Group's business model for managing financial assets which are explained below:

Business model assessment

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Group's assessment.
- The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way

that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The SPPI test

As a second step of its classification process, the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Group classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

3.3.3. Financial assets measured at amortised cost

A 'debt instrument' is measured at amortised cost if both the following conditions are met:

- a. The financial asset is held within a business model with the objective to hold financial assets to collect contractual cash flows and
- b. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement at fair value plus directly attributable costs, these financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the profit or loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

3.3.4 Financial assets measured at fair value through other comprehensive income

A 'debt instrument' is measured at fair value through other comprehensive income if both the following conditions are met:

- a. The financial asset is held within a business model with the objective to hold financial assets to collect contractual cash flows and selling the assets and
- b. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding

Debt instruments included within the FVTOCI category are measured at each reporting date at fair value with such changes being recognised in other comprehensive income (OCI). The interest income on these assets is recognised in profit or loss. Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the income statement.

3.3.5 Financial Instrument measured at fair value through profit or loss

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as

FVTOCI, is classified as at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition, if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Group's investment is classified as FVTPL, if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking.

Financial instruments held at fair value through profit or loss, are initially recognised at fair value, with transaction costs recognised in the income statement as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the income statement as they arise.

3.3.6 Equity instruments

The Group subsequently measures investment in equity investments at fair value through profit or loss, unless the Group's management has elected to classify irrevocably some of its equity investments as equity instruments at FVTOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Gains and losses on these equity instruments classified at FVTOCI are never recycled to profit or loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI.

B. Financial Liabilities

Initial recognition and measurement

All financial liabilities are initially recognised at fair value. Transaction cost that are directly attributable to the acquisition or the issue of financial liability, which are not at fair value through profit or loss, are adjusted to fair value at initial recognition.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

3.4 Derecognition of financial assets and liabilities

3.4.1 Financial Asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if, and only if, either:

- a) The Group has transferred its contractual rights to receive cash flows from the financial asset
- or
- b) It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement

Pass-through arrangements are transactions whereby the Group retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following three conditions are met:

- The Group has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- The Group cannot sell or pledge the original asset other than as security to the eventual recipients
- The Group has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Group is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Group has transferred substantially all the risks and rewards of the asset or
- The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

3.4.2 Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

3.5 Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset, and the net amount is presented in the balance sheet when the Group has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a. The normal course of business
- b. The event of default
- c. The event of insolvency or bankruptcy of the Group and/or its counter parties.

3.6 Impairment of financial assets

3.6.1 Overview of the Expected Credit Loss (ECL) principles

The Group has created provisions on all financial assets except for financial assets classified as FVTPL, based on the expected credit loss method. The Group also ensures maintaining the minimum provision requirement as per RBI and NHB regulations.

The ECL provision is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss. The 12-month ECL is the

portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Group performs an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Group categorises its loans into three stages as described below:

For non-impaired financial instruments

- Stage 1 is comprised of all non-impaired financial instruments which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial instruments. In assessing whether credit risk has increased significantly, the Group compares the risk of a default occurring on the financial instrument as at the reporting date, with the risk of a default occurring on the financial instrument as at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial instruments which have experienced a SICR since initial recognition. The Group recognises lifetime ECL for stage 2 financial instruments. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a SICR since initial recognition, then entities recognize 12 months of ECL.

For impaired financial instruments:

Financial instruments are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Group recognises lifetime ECL for impaired financial instruments.

3.6.2 The calculation of ECLs

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Group uses historical information where available to determine PD. Considering the different products and schemes, the Group has bifurcated its loan portfolio into various pools. PD is calculated using Incremental NPA approach considering fresh slippage using historical information. Where historical information is not available for arriving at reasonable default probability, published probability of default for similar loan segments are used.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive. The Group uses computed discounted recoveries in NPA accounts that are closed during the year where historical information is available and uses Foundational Internal Ratings Based approach (FIRB) norms in the absence of sufficient historical trends.

Forward looking information

While estimating the expected credit losses, the Group reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Group based on its internal data. While the internal estimates of PD, LGD rates by the Group may not be always reflective of

such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Write-offs

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when it is determined that the customer does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

Collateral

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as gold, cash, securities, letters of credit/guarantees, stock, current asset etc. However, the fair value of collateral affects the calculation of ECLs. The fair value of the same is based on data provided by third party or management judgements.

Impairment of Trade receivables

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables.

3.7 Determination of fair value

The Group measures financial instruments such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, if market participants act in their economic best interest.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which enough data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments – Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the

condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments – Those that include one or more unobservable input that is significant to the measurement as whole.

3.8 Foreign Currency translation

Transactions in foreign currencies are initially recorded in the functional currency at the spot rate of exchange ruling at the date of the transaction. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the spot rate of exchange at the reporting date. All differences arising on non-trading activities are taken to other income/expense in the statement of profit and loss.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

3.9 Finance cost

Finance costs represents interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to borrowers and advisers and other expenses such as external legal costs, provided these are incremental costs that are directly related to the issue of a financial liability.

3.10 Other income and expenses

All Other income and expense are recognized in the period they occur.

3.11 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, short-term deposits with an original maturity of three months or less and forex balances, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts, if any as they are considered an integral part of the Group's cash management.

3.12 Property, plant and equipment

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.

Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.13 Depreciation

Tangible assets are stated at historical cost less accumulated depreciation. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Depreciation is charged based on a review by the management during the year and at the rates derived based on the useful lives of the assets as specified in Schedule II of the Companies Act, 2013 or estimated useful lives estimated by the respective management based on technical evaluation. The holding company and one of its subsidiaries, Muthoot Microfin Limited follow the Straight Line Method for providing depreciation whereas the two other subsidiaries follow Written Down Value Method.

Leasehold improvements and assets held under finance leases are depreciated over the shorter of lease term or their useful life. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.14 Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses. Assets which are not ready for intended use are also shown under capital work-in-progress.

3.15 Intangible assets

The Group's intangible assets consist of computer software.

An intangible asset is recognised only when its cost can be measured reliably, and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Intangible assets are amortised by the Group over a period of 3 years, except in case of Muthoot Pappachan Technologies Limited where the computer software is amortised over a period of 10 years or over the estimated useful lives.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.16 Investment Property

Properties, held to earn rentals and/or capital appreciation are classified as investment property and measured and reported at cost, including transaction costs. Subsequent expenditure is capitalized to the assets carrying amount only when it is probable that the future economic benefit associated with the expenditure will flow to the Group.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period. The fair value of investment property is disclosed in the notes accompanying these financial statements. Fair value has been

determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

3.17 Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.18 Post-employment benefits

3.18.1 Defined contribution schemes

Contributions to the Employees Provident Fund Scheme maintained by the Central Government, Employee State Insurance Corporation (ESIC) etc. are accounted for on an accrual basis. Retirement benefit in the form of provident fund is a defined contribution scheme.

The Group has no obligation, other than the contribution payable under the schemes. The Group recognizes contribution payable to the provident fund scheme / ESIC as expenditure, when an employee renders the related service. If the contribution payable to the scheme / ESIC for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset.

3.18.2 Defined Benefit schemes

Gratuity

The Group provides for gratuity covering eligible employees under which a lump sum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenure of employment with the Group. The Group accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Group makes contributions to a Gratuity Fund administered by the Life Insurance Corporation of India.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to other equity through OCI in the period in which they occur. Re-measurements are not reclassified to statement of profit and loss in subsequent periods.

3.19 Share Based Payments

The Group has formulated Employees Stock Option Schemes and Stock Appreciation Right Schemes (SAR). The fair value of options granted under Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in non-financial liability and the fair value of SAR granted is recognized as an employee benefit expense having a corresponding increase in financial liability. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the group revises its estimates of the number of options that are expected to vest.

3.20 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

3.21 Assets held for sale

Assets possessed against the settlement of loans are carried in the balance sheet at a value of outstanding principal loan amount or fair value of asset whichever is lower. In case the fair value of the asset acquired is lower than the outstanding principal loan amount; then the shortfall is to be provided for in the books of account in such financial year.

These assets are classified as 'Assets held for sale' under 'Non-financial assets' till the asset acquired is finally disposed. The outstanding overdue interest and other charges will be accounted on realization basis.

Further, if on disposal of the assets so acquired, the sale proceed is higher than the receivable amount (including outstanding loan, outstanding overdue interest, other charges and interest), then the excess will be refunded to the borrowers.

3.22 Taxes

Income tax expense represents the sum of current tax and deferred tax.

3.22.1 Current Tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income

or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

Interest income / expenses and penalties, if any, related to income tax are included in current tax expense. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised either in other comprehensive income or in other equity. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in other equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.22.2 Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

3.22.3 Goods and services tax /value added taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax/value added taxes paid, except:

- i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- ii. When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

3.23 Contingent Liabilities and assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Group does not have any contingent assets in the financial statements.

3.24 Earnings Per Share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.25 Dividends on ordinary shares

The Group recognises a liability to make distributions to equity holders of the Group when the distribution is authorised, and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

3.26 Leases

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

Group as a lessee

The Groups lease asset class consists of building and equipment. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Group has, at the date of transition, recognized a right-of use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term lease) and low value assets. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are recognized at cost, which comprises the present value of the lease liability as at the date of transition. Right-of-use assets are depreciated on a straight-line basis over the shorter of the balance lease term and useful life of the underlying asset. The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit on the lease or, if not readily determinable, using the incremental borrowing rates. Interest accrued on lease liability and lease payments made, are subsequently adjusted to the initial recognition of lease liability.

Group as a lessor

Leases where the Group does not transfer substantially all the risks and benefits incidental to ownership of the leased items are operating leases. Rental Income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit and loss.

3.27 Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Group are segregated.

3.28 Derivative Financial Instruments

The Group enters into derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign exchange rate risk. Derivatives are recognized at fair value and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The resulting gain/loss is recognized in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship.

4 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

4.1 Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2 Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.3 Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.4 Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by several factors, changes in which can result in different levels of allowances.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

4.5 Effective Interest Rate (EIR) method

The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and lifecycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

4.6 Lease Term

- The determination of lease term for some lease contracts in which the Group is a lessee, including whether the Group is reasonably certain to exercise lessee options.
- The determination of the incremental borrowing rate used to measure lease liabilities.

4.7 Share based payments

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them.

4.8 Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Transferred financial assets that are derecognised in their entirety but where the Group has continuing involvement

The Group has sold some loans and advances as a source of finance. As per terms of the deal, risk and reward has been transferred to the customer. Hence, as per the derecognition criteria of IND AS 109, including transfer of substantially all risks and rewards relating to assets being transferred to the buyer being met, the assets have been derecognised. The table below summarises the carrying amount of the derecognised financial assets.

Under previous GAAP, retained interest receivable on loan assignment transactions were recognised over the period of such assigned loans. Under Ind AS, the gain arising on said transactions are recorded upfront by discounting the future cash flows accruing in the form of differential interest on such assigned loan to their present values.

Particulars	As at 31st March 2024	As at 31st March 2023
Carrying amount of derecognised financial assets	2,31,177.11	1,80,975.19
Gain/(loss) from derecognition	30,055.52	13,631.60

Transferred financial assets that are not derecognised in their entirety

The Group uses securitisations as a source of finance and a means of risk transfer. The Group securitised its microfinance loans to different entities. These entities are not related to the Group. Also, the Group neither holds any equity or other interest nor controls them.

As per the terms of the agreement, the Group is exposed to first loss amounting to 5% - 12.5% (7.25% - 12.5% as at March 31, 2023) of the amount securitised and therefore continues to be exposed to significant risk and rewards relating to the underlying gold and microfinance loans. These receivables are not derecognised and proceeds received are recorded as a financial liability under borrowings.

(Rupees in lakhs, except for share data and unless otherwise stated)

The table below outlines the carrying amounts and fair values of all financial assets transferred that are not derecognised in their entirety and associated liabilities.

Particulars	As at 31st March 2024	As at 31st March 2023
Carrying amount of assets re - recognised due to non transfer of assets	1,27,542.15	82,330.07
Carrying amount of associated liabilities	1,42,464.20	82,563.93

The carrying amount of above assets and liabilities is a reasonable approximation of fair value.

(c) Shortfall at the end of the year	656.74	393.23
(d) Total of previous year shortfall	653.46	426.77
(e) Reason for shortfall	To better serve the students, the project's scope was expanded from solely offering a sports facility for football, volleyball, cricket, and other sports to establishing a comprehensive sports academy. This academy will not only provide top-tier sports training but also include educational facilities where students can attend regular academic classes, all meeting international standards. This change was prompted by the unavailability of schools we initially planned to partner with. Groundwork at the site is underway, and we are currently updating the architectural plans to accommodate these enhanced specifications.	With regard to the Sports Infrastructure project at Palakkad, based on advise from Architects, a wider road alternative had to be considered, evaluation and negotiations of which delayed the start of the construction work.

(vii) The Company had filed a Writ Petition before the Honourable High Court of Madras on 30th July, 2019 challenging the Order passed by the Income Tax Settlement Commission, Chennai Bench abating the proceedings before it relating to the Settlement Application filed by the Company dated December 17, 2017 ("Settlement Application"); and praying for stay on proceedings initiated by the Joint Commissioner of Income Tax (OSD), Central Circle, Thiruvananthapuram post abatement of proceedings by the Settlement Commission. The tax and interest due on the issues forming part of the Settlement Application totaled to ₹ 7,406 lakh. The Settlement Application related to notices received under Section 148 for Assessment Year 2010-11 and Section 153A of the Income Tax Act, as per which MFL was required to prepare true and correct return of which MFL was assessable for the Assessment Years 2011-2012 to 2016-2017 and for Assessment Year 2017-18, assessment of which was deemed to be pending by virtue of explanation (iv) to Section 245A(b) as on date of filing the settlement application. The Honourable High Court of Madras dismissed the petition filed by the Company on June 29, 2022 on the ground that the cause of action of the matter has arisen fully in Kerala and not within the territorial jurisdiction of the Honourable Madras High Court, thereby ousting its jurisdiction to entertain the petition. Accordingly, Company filed a writ petition before the High Court of Kerala, wherein the High Court passed an order on April 03, 2023 directing the interim board for settlement to reconsider the settlement application and to start afresh. The Interim Board of Settlement has passed an order dated November 15, 2023 opining on the settlement of income under the matter along with the interest to be charged and granting immunity to MFL from prosecution and penalty imposed under the Income Tax Act. The Deputy Commissioner of Income Tax, Central Circle, Thiruvananthapuram subsequently passed Orders giving effect to the Order of the Honorable Interim Board for Settlement for the Assessment Years 2010-11 to 2017-18 with demands aggregating to ₹ 13,892.97 lakhs and refunds aggregating to ₹ 4,675.93 lakhs. The said Orders were received on March 19, 2024. The Company evaluated the Orders passed and identified incorrect computations which has been intimated to the Central Circle, Thiruvananthapuram.

41 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

The fair value of financial instruments as referred to above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

Fair value technique

Investments at fair value

The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions are generally Level 1. Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report and valued on a case-by-case has been classified as Level 2.

Investment at fair value through profit and loss

For investment at fair value through profit and loss, valuation are done using quoted prices from active markets or on published Net Asset Values of the investment at the measurement date or at the nearest available date.

Investments in Security receipts (SRs) are classified as Financial Assets measured at FVTPL. Net Asset Value is as certified by the issuer of Security Receipts. Accordingly, the fair valuation technique in this regard is classified under Level 3. The disclosure of the sensitivity of the fair value measurement to changes in unobservable inputs is not considered relevant.

Financial Liabilities with significant unobservable inputs (Level 3)

This level of hierarchy includes financial liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data, this level of hierarchy includes cumulative compulsory convertible preference shares.

The fair value of the CCCPS is measured using the Monte Carlo Simulation technique. The Monte Carlo Simulation Method is one where a risk-neutral framework is used to simulate a range of simulated values, representing all the

(Rupees in lakhs, except for share data and unless otherwise stated)

potential paths a variable could move over the period of the simulation. The inputs to this model are taken from observable market where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Significant unobservable inputs	As at March 31, 2024		As at March 31, 2023	
	Increase by 1%	Decrease by 1%	Increase by 1%	Decrease by 1%
Discount Rate of CCCPS Conversion Feature	(390.15)	401.26	(544.00)	564.72
Discount for Lack of Marketability	(249.27)	249.27	(242.03)	242.03

Loan assets carried at fair value through other comprehensive income

Loan receivables valuation is carried out for two portfolios segregated on the basis of repayment frequency – monthly and weekly. The valuation of each portfolio is done by discounting the aggregate future cash flows with risk-adjusted discounting rate for the remaining portfolio tenor.

Following inputs have been used to calculate the fair value of loans receivables:

- (i) Future cash flows: Include principal receivable, interest receivable and tenor information based on the repayment schedule agreed with the borrowers. Inputs include:
- (ii) Risk-adjusted discount rate:
This rate has been arrived using the cost of funds approach.

The following inputs have been used:

- (i) Cost of funds
- (ii) Credit spread of borrowers
- (iii) Servicing cost of a financial asset

Valuation techniques

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and balances, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity. Amounts have been classified as Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

Loans and advances to customers

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, credit risk is derived using historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics ie, type of loan. The Company then calculates and extrapolates the fair value to the entire portfolio using Effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

(Rupees in lakhs, except for share data and unless otherwise stated)

Financial liability at amortised cost

The fair values of financial liability held-to-maturity are estimated using a effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

42 Segment Reporting

The Board of Directors and the Managing Director of the Company together constitute the Chief Operating Decision Maker ("CODM"). Operating segment are components of the Group whose operating results are regularly reviewed by the CODM to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

The Group is engaged primarily on the business of "Financing" only, taking into account the risks and returns, the organization structure and the internal reporting systems. All the operations of the Group are in India. All non-current assets of the Group are located in India. Accordingly, there are no separate reportable segments as per Ind AS 108 – "Operating Segments".

44 Risk Management

The Group's principal financial liabilities comprise of borrowings and trade and other payables. The main purpose of these financial liabilities is to finance and support the Group's operations. The Group's principal financial assets include loans, investments, cash and cash equivalents, trade receivables and other receivables that derive directly from its operations.

Predominantly comprising of lending institutions, the Group is exposed to various risks that are related to lending business and operating environment. The principal objective in Group's risk management processes is to measure and monitor the various risks that Group is subject to and to follow policies and procedures to address such risks.

The Risk Management Committee of the Board of Directors constituted in accordance with the RBI directives has overall responsibility for overseeing the implementation of the risk management policy. The committee meets

(Rupees in lakhs, except for share data and unless otherwise stated)

quarterly to review the Risk Management practices and working of the Enterprise Risk Management Department. The Committee consists of members of the Board including the Managing Director and is chaired by an Independent Director. The Enterprise Risk Management department periodically places its report to the committee for review. The committee's suggestions for improving the Risk Management Practices are implemented by the Enterprise Risk Management department.

The Group has implemented comprehensive policies and procedures to assess, monitor and manage risk throughout the Group. The risk management process is continuously reviewed, improved and adapted in the changing risk scenario and the agility of the risk management process is monitored and reviewed for its appropriateness in the changing risk landscape. The process of continuous evaluation of risks includes taking stock of the risk landscape on an event-driven basis. The Group has an elaborate process for risk management. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis.

The major type of risk Group faces in business are credit risk, liquidity risk, market risk and operational risk.

I) Credit Risk

Credit risk is the risk that a customer or counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group's major income generating activities include gold loan, sme loans, housing loan, microfinance loan, personal loans and others.

The Group addresses credit risk through following major processes:

- Standardize the process of identifying new risks and designing appropriate controls for these risks
- Minimize losses due to defaults or untimely payments by borrowers
- Maintain an appropriate credit administration and loan review system
- Establish metrics for portfolio monitoring
- Design appropriate credit risk mitigation techniques
- Structured and standardised credit approval process
- Verification of credit history from credit bureau agencies, personal verification of customers business and residence
- Technical and Legal Verification
- Comprehensive credit risk assessment and cash flow analysis

In order to mitigate the impact of credit risk in the future profitability, the Group makes reserves basis the expected credit loss (ECL model) for the outstanding loans.

A) Impairment Assessment

The Group's impairment assessment and measurement approach is set out in this note. It should be read in conjunction with the Summary of material accounting policies.

Definition of default and cure

The Group considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikeness to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

The Group considers a financial instrument as 'cured' and therefore re-classified out of Stage 3 during the year only once the entire dues have been received.

(Rupees in lakhs, except for share data and unless otherwise stated)

Rating	Loans Days past due (DPD)	Stages
High grade	Not yet due	Stage I
Standard grade	1-30 DPD	Stage I
Sub-standard grade	31-60 DPD	Stage II
Past due but not impaired	61-89 DPD	Stage II
Individually impaired	90 DPD or More	Stage III

Exposure at Default (EAD)

The outstanding balance as at the reporting date is considered as EAD by the Group.

Probability of default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. To calculate the ECL for a Stage 1 loan, the Group assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments. The Group uses historical information where available to determine PD. Considering the different products and schemes, the Group has bifurcated its loan portfolio into various pools. Where a particular portfolio is relatively new, the published average default probability for similar loans from a leading credit bureau report on lending in India has been considered. PD is calculated using Incremental 90 day DPD approach considering fresh slippage using historical information.

Based on its review of macro-economic developments and economic outlook, the Group has assessed that no adjustment is required for temporary overlays to determine qualitative impact on its PD's as at 31st March 2024 and 31st March 2023.

Loss Given Default (LGD)

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Group expects to receive.

LGD Rates have been computed internally based on the discounted recoveries in NPA accounts that are closed/ written off/ repossessed and upgraded during the year.

When estimating ECLs on a collective basis for a group of similar assets, the Group applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

Significant Increase in credit risk

The internal rating model evaluates the loans on an ongoing basis. The rating model also assesses if there has been a significant increase in credit risk since the previously assigned risk grade. One key factor that indicates significant increase in credit risk is when contractual payments are more than 30 days past due.

(Rupees in lakhs, except for share data and unless otherwise stated)

III) Liquidity risk

Asset Liability Management (ALM)

Liquidity risk refers to the risk that the Group may not meet its financial obligations. Liquidity risk arises due to the unavailability of adequate funds at an appropriate cost or tenure. The objective of liquidity risk management, is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group consistently generates sufficient cash flows from operating and financial activities to meet its financial obligations as and when they fall due. The Group's treasury teams source funds from multiple sources, including from banks, financial institutions, capital & retail markets to maintain a healthy mix of sources. They are responsible for diversifying fund raising sources, managing interest rate risks and maintaining a strong relationship with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies to ensure the liquidity risk is well addressed.

III) Market risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates and other market changes. The Group is exposed to two types of market risk as follows:

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is subject to interest rate risk, principally because we lend to clients at fixed interest rates and for periods that may differ from our funding sources, while our borrowings are at both fixed and variable interest rates for different periods. We assess and manage our interest rate risk by managing our assets and liabilities. Our Asset Liability Management Committee evaluates asset liability management, and ensures that all significant mismatches, if any, are being managed appropriately.

Price risk

Equity price risk is the risk that the fair value of equities decreases as the result of changes in level of equity indices and individual stocks. The trading and non-trading equity price risk exposure arises from equity securities classified at FVTPL and FVOCI respectively".

A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

Particulars	Increase/(Decrease) in percentage	Sensitivity of profit or loss	Sensitivity of Other Comprehensive Income
As at March 31, 2024	10/(10)	420.39 / (420.39)	405.78 / (405.78)
As at March 31, 2023	10/(10)	65.01 / (65.01)	319.74 / (319.74)

Foreign currency risk

Foreign currency risk is the risk that the value of the financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Group arises majorly on account of foreign currency borrowings. The Group has hedged its foreign currency risk on its foreign currency borrowings as at March 31, 2024 by entering into forward contracts. The counterparties for such hedge transactions are banks. The Group's exposure on account of Foreign Currency Borrowings at the end of the reporting period is as follows:

Particulars	March 31, 2024		March 31, 2023	
	Amount in USD	Amount in INR	Amount in USD	Amount in INR
Foreign currency borrowings	855.82	70,628.85	304.83	25,069.28

(Rupees in lakhs, except for share data and unless otherwise stated)

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all the variables are held constant. On the date of maturity of the derivative instrument, the sensitivity of profit and loss to changes in the exchange rates will be nil.

Prepayment risk

Prepayment risk is the risk that the Group will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected.

Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

50 The Group has accounting software to manage its books of account, incorporating an audit trail (edit log) feature. This feature is consistently utilized throughout the year for all transactions recorded in the software, and backup is taken periodically of these transactions. Additionally, measures are in place to establish necessary controls aimed at preventing or identifying any tampering with the audit trail feature.

51 The previous year figures have been reclassified and regrouped wherever required.
